#### 1. INTRODUCTION

#### **PURPOSE**

On the 25<sup>th</sup> October 2013 the Legislative Assembly approved the Annual Plan and Estimates for 2013/14 which outlined the Government's planned policy actions for the 2013/14 financial year.

As commonly happens, changes in circumstances since the preparation of the 2013/14 Annual Plan and Estimates have resulted in the need to make changes to the approved Annual Plan and Estimates and the appropriations requested to fund those actions.

This Supplementary Annual Plan and Estimates 2013/14 outlines changes the Government has made to its policy actions for the 2013/14 financial year, together with the additional appropriations requested to fund those actions.

Reference to the term "approved" throughout this document references to the following terms: 'approved Annual Plan and Estimates'; 'approved plan' or 'approved Budget', is meant to be the Approved 2013/14 Annual Plan and Estimates approved in October 2013.

#### **CONTENT OF THE SUPPLEMENTARY PLAN AND ESTIMATES**

The structure and content of the 2013/14 Supplementary Annual Plan and Estimates is similar to that of the approved 2013/14 Annual Plan and Estimates. In line with the requirements of the Public Management and Finance Law (2013 Revision), only those items that are additional or changed from the approved Annual Plan and Estimates are included.

**Part A** contains the Changes to the Annual Plan for 2013/14 and outlines planned changes from the approved Annual Plan and Estimates to the policy actions (in this case, ownership actions) the Cabinet intends to take. Part A also summarises the audited financial statements for 2013/14 that are documented in detail in Part C.

**Part B** contains the Supplementary Appropriations for the 2013/14 financial year. The Estimates list the approved supplementary and total appropriations requested by the Cabinet to support its revised policy actions.

**Part C** contains the detailed Audited Financial Statements for the 2013/14 financial year. These provide results of revenue and expenditure for the financial year and take into account the proposed changes in policy actions from Part A.

2013/14 FINANCIAL YEAR

#### 2. OVERVIEW OF KEY CHANGES IN THE 2013/14 ANNUAL PLAN

#### Introduction

This section of the Supplementary Annual Plan and Estimates reports changes Government made to the various policy actions contained in the approved Annual Plan and Estimates for the 2013/14 financial year. The changes to appropriations are contained in Part B.

#### **Changes to Broad and Specific Outcome Goals**

There are no changes to the broad and specific outcome goals specified in the approved Annual Plan and Estimates for the 2013/14 financial year.

The approved twelve broad outcome goals defined in the approved 2013/14 Annual Plan and Estimates are:

- 1. A Strong, Thriving and Increasingly Diverse Economy;
- 2. A Work-Ready and Globally Competitive Workforce;
- 3. A More Secure Community;
- 4. A More Efficient, Accessible and Affordable Public Service;
- 5. Modern, Smart Infrastructure;
- 6. A Fit and Healthy Population;
- 7. A Centre of Excellence in Education;
- 8. A Culture of Good Governance;
- 9. Sustainable Development in Cayman Brac and Little Cayman with Sensitivity to the Islands' Unique Characteristics;
- 10. Conservation of our Biological Diversity and Ecologically Sustainable Development;
- 11. A Robust Agriculture Sector Suited to the Needs & Resources of the Country; and
- 12. Equity and Justice in a Society that Values the Contributions of all.

#### **Summary of Changes to Key Policy Actions**

The Supplementary Annual Plan and Estimates outlines additional or changed policy actions that the Government undertook during the 2013/14 financial year. These appropriation changes have already taken effect through advance authority given under section 11(5) of the Public Management and Finance Law (2013 Revision) ("PMFL" or "the Law"). These financial transactions are required to be included in a Supplementary Appropriation Bill introduced in the Legislative Assembly.

The Supplementary Plan and Estimates and supporting information provides Members of the Legislative Assembly with details of the terms of changes to existing appropriations and of any new appropriations proposed since the budget of 2013/14 was approved by Finance Committee.

The supplementary plan is self-balancing with no major impact on spending. The plan includes increased funding to Education, Tourism and Infrastructure programmes. Key parts of the proposal include:

- Increase of \$0.3 million to subsidise tuition fees at the University College of the Cayman Islands to provide assistance to students enrolled in the Associate degree programme and professional vocational programme offset by a corresponding decrease in TP 52 - Young Nation Building Scholarship Fund;
- Increase of \$0.2 million in Equity Injection to Cayman Airways Limited to cover increased debt servicing expenses, this is offset by a corresponding decrease in El 11 - Ministry of Home and Community Affairs - Home Affairs and El 34 - Portfolio of Legal Affairs;
- Increase of \$0.4 million for maintenance in Cayman Brac and Little Cayman Roads and Bluff Playfield offset by corresponding decreases in EA 125 - Cayman Brac Emergency Shelter and EA 139 - Little Cayman Boat Launch Ramp; and
- Increase of \$0.2 million for Judiciary and Court of Appeal expenses offset by a corresponding decrease in in HEA 8 Autopsy and Coroner Services and OE 1 Personal Emoluments for the Judiciary.

#### 3. REVISED FINANCIAL RESULTS FOR 2013/14

#### **Overview of Results**

A summary of the 2013/14 revised financial statements is provided in Table 1 below.

The commentary that follows relates to the audited financial results of the Core Government only.

#### **Surplus from Operating Activities**

The operating surplus for 2013/14 is \$104.8 million. This figure represents a \$4.5 million positive change to the operating position when compared to the approved 2013/14 Budget. The change in operating position is due to higher than expected operating revenues and lower operating expenditure.

#### **Operating Revenues**

The operating revenues of \$647.3 million are some \$2.6 million more than the \$644.7 million originally budgeted for 2013/14. Positive economic growth coupled with the maturation of revenue measures approved during the 2012/13 financial year were the primary drivers of this increase. The most significant areas of better than expected performance are in Other Import Duty and Mutual Fund Administrator Licences.

#### **Operating Expenses**

The operating expenses of Core Government are \$547.3 million which is \$2.0 million lower than the \$549.3 million originally budgeted in 2013/14. This is a result of a series of cost reduction measures implemented across government agencies during the current financial year. In particular, significant savings were achieved in the category of Personnel Cost resulting from restrained recruitment efforts and natural attrition.

The Net Operating Surplus of Public Entities was approximately \$4.9 million, which is in line with that included in the 2013/14 Budget.

#### **Cash Position**

The 2013/14 closing cash balance was \$174.0 million which was \$12.0 million more than the \$162.0 million forecasted in the approved budget. This improved balance is directly related to the better than expected Core Government operating performance along with \$2.5 million better than expected dividend to the Government from the Civil Aviation Authority.

#### **Compliance with Principles of Responsible Financial Management**

At 30 June 2014, in line with the original approved budget, the Government was in compliance with four (4) of the six (6) Principles of Responsible Financial Management. The table on next page details the level of compliance with all principles as specified in section 14 of the Public Management and Finance Law (2013 Revision).

#### 4. COMPLIANCE WITH PRINCIPLES OF RESPONSIBLE FINANCIAL MANAGEMENT

After adjusting for the current supplementary appropriation requests, the Government is in compliance with 4 of the 6 Principles of Responsible Financial Management. The table below details the level of compliance with all principles as specified in section 14 of the PMFL.

Table 2

Compliance with Principles of Responsible Financial Management in 2013/14

# AUDITED FINANCIAL STATEMENTS FOR THE GOVERNMENT OF THE CAYMAN ISLANDS

FOR THE FINANCIAL YEAR ENDED 30<sup>TH</sup> JUNE 2014

This Page Is Intentionally Left Blank

#### STATEMENT OF RESPONSIBILITY FOR THE

#### AUDITED FINANCIAL STATEMENTS FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30TH JUNE 2014

These audited financial statements have been prepared in accordance with the provisions of the Public Management and Finance Law (2013 Revision). They report the audited financial transactions for the Core Government and the Entire Public Sector reporting entities for the financial year ended 30th June 2014.

The audited financial statements were prepared by the Ministry of Finance and Economic Development on behalf of the Government. On the basis of the economic and financial information available, that Ministry has used its best professional judgment in preparing these statements.

We accept responsibility for the accuracy and integrity of the financial information in these audited financial statements and their compliance with the Public Management and Finance Law (2013 Revision).

To the best of our knowledge the audited financial statements are:

- (a) Complete and reliable;
- (b) Fairly reflect the financial position as at 30th June 2014 and performance for the financial year ended 30th June 2014;
- (c) Include all policy decisions and other circumstances that have, or may have, a material effect on the financial statements; and
- (d) Comply with generally accepted accounting practice except for IPSAS 25, Employee Benefits, as it relates to accounting for post-retirement benefits and IPSAS 6, Consolidated and Separate Financial Statements, as it relates to the consolidation of the Public Service Pensions Board and Plans.

Honourable Marco S. Archer, JP

**Minister for Finance and Economic Development** 

Mr. Kenneth Jefferson, JP

Financial Secretary and Chief Officer of the Ministry of Finance and Economic Development

#### GOVERNMENT OF THE CAYMAN ISLANDS STATEMENT OF ACCOUNTING POLICIES FOR THE YEAR ENDED 30 JUNE 2014

#### **GENERAL ACCOUNTING POLICIES**

#### **Reporting Entity**

These forecast financial statements are for the Government of the Cayman Islands. The forecast financial statements encompass the Core Government and the Entire Public Sector as required by the Public Management and Finance Law (2013 Revision). The reporting entity comprises:

- Executive financial transactions and balances:
- Ministries and Portfolios:
- Statutory Authorities;
- Government Companies; and
- The Audit Office and the Office of the Complaints Commissioner; and Office of the Information Commissioner The Core Government entity accounts for Statutory Authorities and Government Companies on an equity accounting basis while the Entire Public Sector accounts for them on a fully consolidated basis.

#### **Basis of Preparation**

The forecast financial statements have been prepared in accordance with International Public Sector Accounting Standards (IPSASs) using the accrual basis of accounting. Where there is currently no IPSAS, other authoritative pronouncements such as International Accounting Standards and United Kingdom reporting standards applicable to the public sector have been used. The measurement base applied is historical cost adjusted for revaluations of certain assets.

The forecast financial statements have been prepared on a going concern basis and the accounting policies have been applied consistently throughout the period.

#### **Reporting Period**

The reporting period is the year ended 30 June 2014.

#### **Basis of Consolidation**

The consolidated Entire Public Sector financial report includes the transactions and balances of the Government of the Cayman Islands and its controlled entities during and at the end of the financial year. The controlled entities are combined using the purchase method of combination. Corresponding assets, liabilities, revenues and expenses are added together line by line. Transactions and balances between these sub-entities are eliminated on combination.

#### **SPECIFIC ACCOUNTING POLICIES**

#### Revenue

Coercive Revenue

Coercive revenue is recognised in accordance with the following recognition points.

Coercive Revenue	Revenue Recognition Point
Levies on International Trade and Transa	actions
Import Duties Gasoline and Diesel Alcoholic Beverages Tobacco Products Motor Vehicle Duty Food Manufactured Goods Machinery and Transport Equipment	When goods become liable for duty, generally at declaration, prior to release of goods.

<b>Domestic Levies on Goods and Services</b>	
Business and Professional Licenses Work Permit Fees Traders' License LCCL Company Fees Bank and Trust License Insurance Licences Mutual Fund Administrators Partnership Fees Trust Registration Fees Liquor Licence CUC Licence Cable and Wireless Licence TV Station Licence Ship Registration Fees Hotel Licence Other Licences Radio stations (pending)	Upon initial application and, if appropriate, when renewed (renewal dates vary).
Other Levies on Goods and Services Motor Vehicle Tax	When due Upon initial application and due date for annual
Tourist Accommodation Tax Miscellaneous Stamp Duty Miscellaneous Immigration Fees Levies on Property	renewal  Recognise when monthly return due  At the time the goods are delivered (on parcels)  Upon application.
Land Transfer Duty	At time of transfer of ownership (set fee)
Infrastructure Fund Fee	For non-refundable fees, upon application for planning approval For refundable fees, once planning approval is granted
Other Levies	granicu
Court Fines Other Fines	When fine imposed When fine imposed

Sale of Goods and Services (including user charges and fees)

Revenue from the sale of goods and services, including revenue resulting from user charges or fees, is recognised when it is earned. This is generally at time of sale or on delivery of service. Revenue from the rendering of a service is recognised by reference to the stage of completion of contracts or in accordance with agreements to provide services. The stage of completion is determined according to the proportion that costs incurred to date bear to the estimated total costs of the transaction.

#### Investment revenue

Investment revenue is recognised in the period in which it is earned.

#### **Donations**

Donations meeting the recognition criteria for revenues are recognised at fair value at time of receipt. Donated services are recognised only when the services would have been purchased if not donated.

#### **Expenses**

General

Expenses are recognised when incurred.

Supplies and consumables – Leases

A distinction is made between finance leases which effectively transfer from the less or to the lessee substantially all the risks and benefits incidental to ownership of leased non-current assets and operating leases under which the less or effectively retains substantially all such risks and benefits.

Where a non-current asset is acquired by means of a finance lease, the asset is capitalised at the present value of the minimum lease payments at the inception of the lease and a liability recognised for the same amount. Leased assets are amortised over the period of the lease. Lease payments are allocated between the principal component and the interest expense.

#### Transfer payments

Personal benefits are recognised at time of payment.

Other transfers, including subsidies to government owned organisations are recognised when a legal or constructive liability to make the payment has been created.

#### Depreciation

Depreciation of non-financial physical assets is generally provided on a straight-line basis at rates based on the expected useful lives of those assets.

#### **ASSETS**

Cash and cash equivalents

Cash and cash equivalents include cash at bank and on hand, short term deposits at call, investments in short term money market instruments, and which are used in the cash management function on a day-to-day basis, net of outstanding bank overdrafts.

Receivables and advances

Receivables and advances are recorded at the amounts expected to be ultimately collected in cash.

Inventory

Inventories are recorded at the lower of cost and net current value. Where inventories are valued at cost, specific identification or the FIFO method has been used. Appropriate allowance has been made for obsolescence.

Investments

Loans and advances are valued at the lower of the balance owed or the amount expected to be recovered. Investments held as current assets are to be carried at the lower of cost or market value.

Marketable securities that are held for trading purposes are recorded at net current value.

Permanent decreases in the value of non-current assets are recognised as an expense in the operating statement for that reporting period.

Property, Plant and Equipment (including Infrastructure Assets)

Land and buildings are recorded at historical cost (or fair value as at time of first recognition) or valuation.

Other plant and equipment, which includes motor vehicles and office equipment, is recorded at cost (or fair value as at time of first recognition) less accumulated depreciation.

Physical assets for which an objective estimate of market value is difficult to obtain (parks, for example) are recorded at the best estimate of fair value.

Valuations of tangible non-current assets are assumed to remain constant over the forecast period.

Computer Hardware and Software

Computer hardware and software are recorded at cost, and depreciated in accordance with the policy on depreciation.

#### Liabilities

Accounts Payable

Accounts Payable is recorded at the amount owing after allowing for credit notes and other adjustments.

Employee entitlements

Amounts incurred but not paid at the end of the reporting period are accrued. Annual leave due, but not taken, is recognised as a liability.

**Provisions** 

Provisions are recognised in accordance with IAS 37 Provisions, Contingent Liabilities and Contingent Assets.

#### Pension liability

The unfunded pension liability represents the present value of the Government's unfunded liability to employees for past services as estimated in relation to the respective pension plans.

Forecasts of the pension liability are based on financial assumptions applied to the latest actuarial value of the liability for pension payments, net of the scheme's assets, adjusted on future years for any projected changes in demographic assumptions.

#### **Borrowings**

Borrowings are recognised as liabilities when the obligation is established. Borrowings are measured at their book value (equal to their nominal value).

#### Currency issued

Currency issued for circulation is measured at face value.

#### Commitments

Commitments are recorded in the Statement of Commitments at the value of the obligation.

#### Contingencies

The nature and an estimate of the financial effect of contingent liabilities are disclosed in the Statement of Contingent Liabilities. Contingent liabilities are recognised as liabilities when they are probable.
