Government of the Cayman Islands

Foreword

This financial report presents unaudited financial information, along with an analysis and commentary thereof, for the first quarter, of the 2021 Financial Year, ended 31 March 2021 (the “period”) for Core Government.

Amounts herein are stated in Cayman Islands Dollars. The results of Core Government along with, Statutory Authorities and Government Owned Companies (“SAGCs or Public Entities”) are shown in the Statement of Financial Performance and, collectively, SAGCs and Core Government, are referred to in this report as the Entire Public Sector (“EPS”).

The information contained herein is based on records obtained from the General Ledger of the Government’s financial management system. It is also based on the representations and judgments provided by the Chief Financial Officers of Ministries, Portfolios, Offices, and SAGCs.

As required by section 29 (1) of the Public Management and Finance Act (2020 Revision) (the “PMFA”), the unaudited quarterly financial report will be published by notice in the Gazette, within six weeks after the end of each of the first three quarters in each Financial Year. The Ministry of Finance and Economic Development aims to Gazette the remaining Second Quarter (1 April to 30 June 2021) and Third Quarter (1 July to 30 September 2021) Reports by 6 August 2021 and 5 November 2021, respectively.

Government of the Cayman Islands

Executive Summary

The financial results of the Core Government for the quarter ended 31 March 2021 show a \$196.2 million surplus (\$202.6 million for the EPS). Net Assets of the Government were \$1.7 billion, with overall bank account balances of \$611.2 million in cash and deposits.

When combined with the performance of SAGCs, the overall surplus (of \$202.6 million) was \$43.1 million higher than the \$159.5 million EPS surplus the 2021 Budget anticipated for the period. This was primarily due to higher coercive revenues (a positive variance of \$38.9 million – as per page 10, complemented by lower levels of expenditures in Personnel Costs (a positive variance of \$2.9 million – as per page 10), and Supplies and Consumables (a positive variance of \$10.3 million – as per page 10) within Core Government.

Compared to the same period in the prior year, Total Revenues of Core Government have increased by \$51.0 million. Additionally, Total Expenses of Core Government have risen by \$27.1 million. SAGCs contribution, compared to first quarter of the prior year, has increased by \$1.4 million. Overall Net Surplus for the EPS has increased by \$25.4 million when compared to the first quarter's result in the prior year.

Adherence to fiscal policy continues to yield significant improvements in the overall cash and deposits balance held by Core Government. Operating Cash and Deposits were \$439.1 million and Reserves and Restricted Deposits were \$172.1 million, for a total Cash and Deposits balance of \$611.2 million.

It should also be noted that early savings in expenses may not translate into full year savings and may be due to timing differences. Vacant posts and delayed projects will impact current costs reflected in Personnel Costs and Supplies and Consumables, respectively. The Government continues to incur costs associated with the mitigation of COVID-19 and its impact on the economy.

A summary of the financial results are presented in the Executive Summary, on page 6.

Comments with respect to balances reflected in the **Statement of Financial Position** for the period ended 31 March 2021 are as follows:

Cash

(See page 7)

Cash and Cash Equivalents (including fixed deposits with maturity durations not exceeding 90 days) were \$79.5 million and Marketable Securities (comprised solely of fixed deposits with maturity durations exceeding 90 days but not exceeding one (1) year) were \$531.7 million, for a total of \$611.2 million with respect to bank account balances. Total Cash and Deposits balances (held for longer than 90 days but less than a year), are significantly higher (approx. \$284.0 million) than anticipated in the 2021 Plan & Estimates document. Due to the significant cash balances on-hand, the Government now places funds on longer-term fixed deposits. These longer-term deposits are reflected as Marketable Securities (on the Statement of Financial Position) and are not included in the definition of 'Cash and Cash Equivalents', which only represent deposits that do not exceed 90 days to maturity.

Borrowings

(See page 7)

The Debt Balance which stood at \$243.9 million as at 31 March 2021 (\$34.2 million of which is due within one year). The Debt Balance amount continues to decline with scheduled principal repayments being made.

Revenues

Coercive Revenue

(See pages 18 and 19 to 21)

Coercive Revenue recorded for the period was \$38.9 million more than budgeted expectations and \$53.3 million higher than the prior year-to-date actual results.

Private Fund Fees, a new unbudgeted revenue stream from the registration of Private Funds that came into effect with the implementation of the Private Funds Act, 2020, contributed \$44.8 million to revenues in the first quarter of 2021. Stamp Duty on Land Transfers was higher (\$9.2 million positive variance) due to higher volumes of property transactions coupled with increasing property values; revenues generated were also \$4.6 million more than prior year-to-date. Other Company Fees – Exempt Companies, a regulatory licensing is due at the beginning of each calendar year, tend to be favourable to budget throughout the first quarter and then level out for the remainder of the year. However, current year revenues are \$10.0 million more when compared to actual results for the same period in 2020.

Notwithstanding the favourable results in revenues, when compared to the 2021 Budget mentioned above, there were areas that fell short of projected expectations. In particular, due to the effect of COVID-19 on the economy and the extended closure of the borders; revenues earned from the tourism industry are significantly less than budgeted. There were no revenues earned for Tourism Accommodation Charges (\$14.0 million negative variance) and Cruise Ship Departure Charges (\$3.0 million negative variance) this quarter. Other Import Duty and Work Permit Fees also underperformed during the first quarter of 2021 by \$3.7 million and \$2.7 million, respectively. When compared to the results for prior year-to-date actual results have also declined for these particular categories of revenues.

Government of the Cayman Islands

As shown on page 18, the first quarter generated coercive revenues of \$393.4 million and was 15.7%, or \$53.3 million, higher than the first quarter of 2020 (\$340.1 million). The majority of this change is attributable to 22.3% higher Domestic Levies on Goods and Services (\$59.4 million, positive variance) and 28.6% higher Levies on Property (\$4.7 million, positive variance).

Sales of Goods and Services

(See pages 18 and 21 to 24)

Sales of Goods and Services of \$9.9 million recorded for the period was \$1.4 million ahead of projections and ahead of prior year-to-date results by \$0.1 million.

Investment Revenue

(See page 18)

Investment Revenue was \$0.7 million for the period, and \$0.9 million below the year-to-date budget of \$1.6 million and \$2.3 million below the prior year-to-date results. Albeit there were higher cash balances during the first quarter than projected, a decline in interest rates has resulted in less interest revenue earned.

Expenses

Personnel Costs

(See page 18)

Costs relating to personnel for the first three months of 2021 amounted to \$90.5 million, resulting in a savings in Personnel Costs of \$2.9 million when compared to a budget of \$93.4 million. This favourable variance is the result of vacant posts across several Ministries, Portfolios and Offices. Costs were \$3.0 higher than prior year-to-date due to revisions made to remuneration and salary regrading at the beginning of January 2021.

Supplies and Consumables

(See page 18)

Expenses for supplies and consumables of \$22.1 million were recorded for the first quarter of 2021, producing a savings of \$10.3 million compared to budgeted costs of \$32.4 million. Costs are on par with prior year-to-date costs of \$22.2 million.

The most significant savings continue to be related to the Purchase of Services which accounts for 55% of the overall variance. Ministries, Portfolios and Offices anticipate that as the year progresses costs will align closer to budgeted projections.

Government of the Cayman Islands

Outputs from Statutory Authorities and Government Owned Companies

(See page 25)

Outputs from SAGCs are those services provided to Core Government and for which SAGCs are paid by Core Government. Expenditures incurred on this category totalled \$34.3 million for the first quarter of 2021 (and were \$33.7 million for the first quarter of 2020), and the \$34.3 million was slightly more than the \$33.8 million budget expectation for the first quarter of 2021. The significant components of the \$34.3 million costs were in respect of Outputs produced by Cayman Airways (\$4.2 million), Cayman Islands Monetary Authority (\$5.4 million), Cayman Islands National Insurance Company (\$12.6 million), and Health Services Authority (\$7.4 million).

Outputs from Non-Governmental Output Suppliers

(See page 26)

Outputs from Non-Government Output Suppliers of \$9.4 million were \$2.1 million above the year-to-date budget and \$2.0 million lower than the prior year. The costs for NGS 55 Tertiary Care at Local and Overseas Institutions are currently \$2.1 million higher than budgeted for the period.

Transfer Payments

(See page 27)

Transfer Payments of \$34.2 million were \$22.6 million more than budgeted for the three-month period. This variance is mainly due to the overages in spending on Scholarships and Bursaries (\$3.0 million negative variance), Sports and Cultural Tourism Programmes Assistance (\$13.9 million negative variance) and Support for Business Initiatives (\$4.7 million negative variance). Compared to the prior year-to-date, Transfer Payments for the first quarter in 2021 represent an increase of \$25.5 million.

Performance of Statutory Authorities and Government Owned Companies

(See page 29)

SAGCs recorded a combined net Operating Surplus of \$6.4 million for the first three months of 2021; this is \$15.6 million more favourable than budgeted for the period.

SAGCs contribution to the Net Surplus compared to prior year-to-date is \$1.4 million higher.

Operating Activities

(See page 15)

Net cash inflows from Operating Activities totalled \$196.2 million for the period.

Investing Activities

(See page 15)

Investing Activities relating to fixed deposit maturities yielded \$56.9 million.

Additionally, \$317.1 million was used for Investing Activities, of which \$288.6 million relates to placements of fixed deposits. The effect of the movement (i.e. \$288.6 million less \$56.9 million) is an increase in the net amount placed on fixed deposits of \$231.7 million. Additionally, \$24.9 million was utilised for Capital Investment and Expenditures relating to purchases of Property, Plant & Equipment (\$22.8 million) and Equity Investments in SAGCs (\$2.1 million).

Financing Activities

(See page 15)

Debt principal repayments were \$4.7 million for the period.

Capital Expenditures

Total Equity Investment and Executive Assets Appropriations drawn-down to 31 March 2021, totalled \$16.9 million (versus a total capital cash outlay of \$24.9 million on page 15 – i.e. purchases of Property, Plant & Equipment (\$22.8 million) and Equity Investments in SAGCs (\$2.1 million).

Equity Investment Appropriations drawn by Government's Ministries, Portfolios and Offices, as at 31 March 2021, were \$10.0 million;

Appropriations drawn to enable Equity Investments in SAGCs amounted to \$2.3 million (\$1.4 million to Cayman Turtle Centre and \$0.9 million to Cayman Airways), as at 31 March 2021; and

Appropriations drawn by Government's Ministries, Portfolios and Offices, to incur Capital Expenditures for the creation of Executive Assets amounted to \$4.6 million as at 31 March 2021.

Government of the Cayman Islands

Conclusion

The overall fiscal performance reported for the period shows an EPS Net Surplus of \$202.6 million, which is 27.0% (\$43.1 million) higher than budgeted. This favourable position was due to higher than budgeted revenues of \$39.6 million for the period. Additionally, SAGCs contributed a further \$6.4 million to the overall surplus for the EPS; the SAGCs' performances exceeded the estimated results for the first quarter, by \$15.6 million.

Compared to the first quarter of 2020, Core Government Revenues were 14.4% (\$51.0 million) higher; expenses were also higher by 15.0% or \$27.1 million. SAGCs' performances were 28.8%, or \$1.4 million, higher than prior year-to-date results. Overall the EPS Net Surplus was 14.3%, or \$25.4 million, higher than for the same period last year.

As customary, due to the cyclical nature of revenues, the first quarter's Coercive Revenue results of \$393.4 million are expected to be the highest revenues earned in any single quarter for 2021. This is directly related to Financial Services fees being due at the beginning of each year.

Government's Cash position ended at \$611.2 million at 31 March 2021: \$284.0 million higher than anticipated in the 2021 Plan & Estimates. The accumulation of cash is as result of higher than expected revenues together with a delay in capital projects in the prior year.

The first quarter's performance has positioned the Government to be optimistic about its performance for 2021; however, this will greatly impacted by the economic effects of COVID-19 expenditures and fall-off of tourism related revenue and local economic activity due the extended closure of the borders.
