1. Introduction

Purpose

On the 27th June, 2011 the Legislative Assembly approved the Annual Plan and Estimates for 2011/12 which outlined the Government's planned policy actions for the 2011/12 financial year.

As commonly happens, changes in circumstances since the preparation of the 2011/12 Annual Plan and Estimates have resulted in the need to make changes to the approved Annual Plan and Estimates and the appropriations requested to fund those actions.

This Supplementary Annual Plan and Estimates 2011/12 outlines changes the Government has made to its policy actions for 2011/12 financial year, together with the additional appropriations requested to fund those actions.

Reference to the term "approved"

Throughout this document references to the following terms: "approved Annual Plan and Estimates"; "approved plan"; or "approved Budget", is meant to be the Approved 2011/12 Annual Plan and Estimates approved in June 2011.

Content of the Supplementary Annual Plan and Estimates

The structure and content of the 2011/12 Supplementary Annual Plan and Estimates is similar to that of the approved 2011/12 Annual Plan and Estimates. In line with the requirements of the Public Management and Finance Law (2010 Revision) only those items that are additional or changed from the approved Annual Plan and Estimates are included.

Part A contains the **Changes to the Annual Plan for 2011/12** and outlines planned changes from the approved Annual Plan and Estimates to the policy actions (in this case, ownership actions) the Cabinet intends to take. Part A also summarises the revised financial forecasts for 2011/12 that are documented in detail in Part C.

Part B contains **the Estimates of Supplementary Appropriations** for the 2011/12 financial year. The Estimates list the approved, supplementary and total appropriations requested by the Cabinet to support its revised policy actions.

Part C contains the detailed **Unaudited Forecast Financial Statements** for the 2011/12 financial year. These provide an updated forecast of expected revenue and expenditure for the financial year and take into account the proposed changes in policy actions from Part A.

PART A CHANGES TO THE ANNUAL PLAN

For the 2011/12 Financial Year

2. Overview of Key Changes to the 2011/12 Annual Plan

Introduction

This section of the Supplementary Annual Plan and Estimates reports the changes that the Government intends to make to the various policy actions contained in the approved Annual Plan and Estimates for the 2011/12 financial year. The changes to appropriations that reflect these changes are contained in Part B.

Changes to Broad and Specific Outcome Goals

There are no changes to the broad and specific outcome goals specified in the approved Annual Plan and Estimates for the 2011/12 financial year.

The approved nineteen broad outcome goals defined in the approved 2011/12 Annual Plan and Estimates are:

- 1. Creating a Vibrant Yet Stable and Sustainable Economy
- 2. Setting the Stage for Success in the Tourism Industry
- 3. Addressing Crime and Policing
- 4. Developing a World Class Education System to Foster Growth and to Benefit from Development
- 5. Improving Healthcare
- 6. Paving a Better Way Forward for Cayman Brac and Little Cayman
- 7. Developing our Youth
- Strengthening Families
- 9. Restoring Prudent Fiscal Management
- 10. Ensuring Success and Participation of Caymanians in the Financial Services Industry
- 11. Supporting our Caymanian Small Businesses
- 12. Preparing our Labour Market for Future Opportunities
- 13. Improving the Lives of the Elderly and Disabled
- 14. Reducing Substance Abuse
- 15. Empowering Women
- 16. Addressing Energy and the Environment
- 17. Strengthening our Infrastructure
- 18. Preserving our Culture
- 19. Enhancing Agriculture

Summary of Changes to Key Policy Actions

Sections 5 through 10 of this Supplementary Annual Plan and Estimates outline the additional or changed specific policy actions that the Government intends to take during the 2011/12 financial year.

The following is an overview of the changes to key policy actions by category.

Output Groups

Ministry/Portfolio Output Groups

The requested appropriation changes for Ministry/Portfolio output groups result in an increase of \$4.5 million.

This increase is largely due to:

- \$2.9 million to the Royal Cayman Islands Police Services and Her Majesty Prison Northward for enhanced security and crime prevention measures;
- \$2.9 million provided to the Ministry of District Administration, Works, Land and Agriculture for the Procurement and Maintenance of Government Fleet, Recycling and Disposal of Waste, Management of Government Properties, vehicle and driver licensing and mosquito control services;
- \$1.1 million provided to the Ministry of Finance Tourism and Development to promote new Cayman Airways routes and to enhance capabilities at the Customs Department; and
- \$0.5 million provided to the Ministry of Education, Training and Employment to support Primary and Secondary Education.

As a result of prudent financial management, the increases in this category; were partially offset by savings in other areas of operations. It should also be noted that the cost of living adjustment to civil servant salaries is expected to be fully funded by savings projected across the Government.

Statutory Authority/Government Company Output Groups

The requested appropriation changes for Statutory Authorities output groups' is for an increase of \$8.4 million

This increase is due to:

- \$7.0 million to the National Roads Authority;
- \$0.3 million to the University College of the Cayman Islands;
- \$0.3 million to Cayman Islands National Insurance Company for Health Insurance for Civil Service Pensioners; and
- \$0.8 million to Cayman Airways for new routes.

Non-Government Supplier Output Groups

As a result of increased demand, an additional \$6.6 million is being requested as changes in appropriation for Non-Government Supplier output groups'. The most significant increases are related to the following:

- \$5.0 million for Tertiary level medical services at overseas health care facilities, for indigents and uninsured persons:
- \$1.2 million for Rental Accommodation for Persons in Need;
- \$0.2 million for Services to Refugees; and
- \$0.2 million for Primary and Secondary Education by Private Schools.

Transfer Payments

The requested appropriation change for Transfer Payments is an increase of \$5.4 million. The most significant items are:

- \$1.3 million for Local, Overseas Scholarships and Bursaries;
- \$1.8 million for Poor Relief Vouchers:
- \$0.9 million for Housing Assistance;
- \$0.4 million for Children and Family Services Support;
- \$0.3 million for Poor Relief Payments;
- \$0.2 million for Ex-Gratia Benefit Payments to Seamen; and
- \$0.2 million for Other Youth, Sports and Cultural Programme Assistance

Other Executive Expenses

The requested appropriation changes for Other Executive Expenses results in an increase of \$3.0 million. The most significant increases are related to Compensation which amounts to \$2.1 million and Ex-Gratia pensions plan payments which amount \$0.8 million.

Equity Investments

An additional \$18.8 million is being requested to fund changes in Equity Investments. This is largely due to:

- \$14.5 million to fund various Education projects: on-going construction of the Clifton Hunter and John Gray
 High Schools as well as construction of additional classrooms at Primary schools throughout Grand
 Cayman;
- \$1.6 million for enhancement of Crime fighting capability;
- \$1.2 million for the Ministry of District Administration, Works, Land and Agriculture to fund various Ministry projects; and
- \$1.0 million for Cayman Islands National Insurance Company to strengthen their capital base.

Executive Assets

The Government intends to make \$3.3 million in additional investments in Executive Assets during the 2011/12 fiscal year. The major items in this category are:

- \$1.0 million for internal office layout changes to the Government Administration Building;
- \$0.8 million for Cayman Brac and Little Cayman Roads; and
- \$0.8 million for Gazetted Land claims.

These increases to Executive assets are partially offset by a reduction of \$1.7 million in EA 87 Juvenile Facilities and \$0.7 million for EA 36 Road surfaces upgrades.

Loans Made

The requested appropriation change for Loans Made is for a new loan LM 10 – Mortgage Assistance in the amount of \$2.1 million which is partially offset by a reduction in overseas medical loans of \$0.4 million.

3. Revised Forecast Financial Results for 2011/12

Overview of Results

A summary of the 2011/12 revised forecast financial statements is provided in Table 1 below.

Table 1
Summarised Revised Forecast Financial Statements

| | Core Government | | Entire Pub | lic Sector |

| Closing Cash Balance (@ 30 th June 2012 | 92,059 | 109,405 | 145,112 | 162,412 |

The commentary that follows relates to the revised forecast financial statements of the Core Government only.

Revised Net Operating Position

After taking into account, the appropriation changes requested as part of this supplementary budget, the forecast operating deficit after financing expenses for 2011/12 is \$7.0 million. This figure represents a \$10.7 million negative change to Government's net operating position when compared to the approved 2011/12 Budget. This change is due to increased operating expenses of \$27.6 million which are partially mitigated by an increase in revenue projections of \$16.9 million.

Revised Operating Revenues

Operating revenues are projected to increase by approximately \$16.9 million, the main reasons are:

Some \$8 million of this increase is driven by Government's decision not to proceed with a change to the funding model for the National Roads Authority (NRA). When the 2011/12 Budget was originally prepared, it was assumed that certain coercive revenue streams totalling \$8 million would have been assigned directly to the NRA to fund its operations rather than the Cabinet purchasing Outputs from the NRA. Due to a variety of reasons this was not implemented, therefore, the revenue streams are now being recognized as revenues of the Core Government.

Additionally, the estimated revenues from Diesel and Gasoline duties are being increased by \$4.5 million to reflect the Cabinet's decision not to proceed with a rebate of import duty on fuel used in the generation of electricity for residential consumers. The original 2011/12 Budget assumed that some \$4.5 million would have been rebated to consumers via Caribbean Utilities Company.

Finally, the Government received a donation of \$4.1 million under the "For Cayman Investment Alliance" agreement with the Dart group of companies.

Revised Operating Expenses

The revised operating expenses are \$27.6 million higher than the amount shown in the original 2011/12 Budget. This increase is primarily due to \$8.4 million in outputs to be purchased from Statutory Authorities and Government Companies (SAGC); \$5.4 million for Ministry/Portfolio output groups; \$6.6 million in outputs to be purchased from Non-Government Output Suppliers; \$5.3 million for Transfer Payments; and \$3.0 million in Other Executive Expenses.

The net losses in SAGC's are forecast to decrease by \$1.5 million from \$8.4 million to \$6.9 million. This is a combined result of the projected improvement in performance by the Civil Aviation Authority and the National Housing Development Trust totalling \$1.6 million; less a \$0.1 decrease in the projected operating surplus of the Water Authority.

Revised Cash Position

The revised 2011/12 closing cash balance for restricted and reserved funds is expected to be \$101.2 million. However, when netted with an expected overdraft balance on Government's operating bank account of \$9.2 million, the resulting net cash balances total some \$92.0 million. This is \$17.4 million less than the \$109.4 million forecasted in the approved 2011/12 budget.

Net cash flows from operating activities are expected to decrease by \$11.0 million. This is mainly due to increased operating expenditures of \$27.6 million offset by increased revenues of \$16.9 million.

Net cash outflow from investing activities is now forecasted to be \$93.1 million which is \$20.9 million higher than forecasted in the 2011/12 approved Budget. This amount primarily relates an increase of \$18.8 million in Equity Investments to Ministries, Portfolios, Statutory Authorities and Government Companies, a \$1.7 million increase in Loans Made and a \$0.9 million increase in the purchase of Executive Assets offset by a \$0.5 million increase in dividends from Statutory Authorities.

4. Compliance with Principles of Responsible Financial Management

The table below details the level of compliance with Principles of Responsible Financial Management as specified in Section 14 of the Public Management and Finance Law (2010 Revision).

Table 2
Compliance with Principles of Responsible Financial Management

| Principle | Degree of Compliance | | |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------|--|
| | Revised Forecasts 2011/12 | Approved Budget 2011/12 | |

Acts as the client's agent, conducting and performing acquisition processes leading to the purchase the most suitable fleet for its intended purpose(s) and at the best economic price.

Provision of preventative maintenance and repair services are provided to ensure:-

- Compliance with the Approved equipment manufacturer (OEM) repair warranty standards and guidelines that the client can maximize return on fleet investments.
- Monthly routine inspections and basic mechanical related checks are performed to reduce the risk of unnecessary unit-down-time and associated costly repairs by identifying potential mechanical failures and correcting them before they actually happen.

Disposal of obsolete and fully depreciated fleet that have no economic or useful value to the client. Maintain a fuel capacity at the government's Refueling Facility that meets the needs of the client's fleet. Provision of technical advice and assistance to the client on fleet related matters.

Description

- Materials, labour, and equipment for construction plus project management services for maintenance
 activities relating to the systematic rehabilitation and maintenance of local public roads and rights of
 way under regular public use. Local road projects are categorised by electoral district and prioritised
 based on Pavement Condition Index (PCI) determined by NRA and by political expediency and the
 level of available funding.
- The road network consists of: 13.7 miles of arterial roads, 88.7 miles of collector roads, 78.7 miles of public residential roads, and 120.3 miles of private residential roads for a total of 301.4 miles of road.

Output Supplier: Complaints Commissioner

| TCC 1 Public Interest Investigations | \$724,491 |
|--------------------------------------|-----------|
|--------------------------------------|-----------|

Description

Investigations of written complaints includes:

- Enquiries, advice and guidance to the public that do not result in a formal investigation
- Investigate written complaints made regarding injustice caused by improper, unreasonable or inadequate administrative conduct on the part of any Ministry/Portfolio and respective department, unit and section, Government owned company and statutory authority; and
- Undertake public interest investigations
- Monitor the implementation of the recommendations of the report of the Commissioner and the timescales specified in the report of action to be taken; and
- Provide Special Reports to the Legislative Assembly where no adequate action has been made to remedy the injustice or evidence found of breach of duty, or criminal offence.

REVISED UNAUDITED FORECAST FINANCIAL STATEMENTS

For

THE GOVERNMENT OF THE CAYMAN ISLANDS

For the Financial Year Ending 30 June 2012

GOVERNMENT OF THE CAYMAN ISLANDS REVISED FORECAST FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDING 30 JUNE 2012

STATEMENT OF RESPONSIBILITY FOR THE REVISED FORECAST FINANCIAL STATEMENTS

These revised forecast financial statements have been prepared in accordance with the provisions of the Public Management and Finance Law (2010 Revision). They report the revised forecast financial transactions for the Core Government and the Entire Public Sector reporting entities for the financial year ending 30 June, 2012.

The revised forecast financial statements were prepared by the Ministry of Finance, Tourism and Development on behalf of the Government. On the basis of the economic and financial information available, that Ministry has used its best professional judgement in preparing these forecast statements.

The revised forecast financial statements incorporate the fiscal and economic implications of all Government decisions and circumstances as at 20th March 2012.

We accept responsibility for the accuracy and integrity of the financial information in these revised forecast financial statements and their compliance with the Public Management and Finance Law (2010 Revision).

To the best of our knowledge the revised forecast financial statements are:

- (a) Complete and reliable;
- (b) Fairly reflect the forecast financial position as at 30th June 2012 and performance for the financial year ending 30th June 2012;
- (c) Include all policy decisions and other circumstances that have, or may have, a material effect on the forecast statements; and
- (d) Comply with generally accepted accounting practice.

Honourable W. McKeeva Bush Premier/Minister of Finance, Tourism and Development

20th March 2012

GOVERNMENT OF THE CAYMAN ISLANDS STATEMENT OF ACCOUNTING POLICIES FOR FINANCIAL YEAR ENDING 30 JUNE 2012

General Accounting Policies

Reporting entity

These forecast financial statements are for the Government of the Cayman Islands. The forecast financial statements encompass the Core Government and the Entire Public Sector as required by the Public Management and Finance Law (2010 Revision). The reporting entity comprises:

- Executive financial transactions and balances:
- Ministries and Portfolios;
- Statutory Authorities;
- Government Companies; and
- The Audit Office and the Office of the Complaints Commissioner; and Office of the Information Commissioner

The Core Government entity accounts for Statutory Authorities and Government Companies on an equity accounting basis while the Entire Public Sector accounts for them on a fully consolidated basis.

Basis of preparation

The forecast financial statements have been prepared in accordance with International Public Sector Accounting Standards (IPSASs) using the accrual basis of accounting. Where there is currently no IPSAS, other authoritative pronouncements such as International Accounting Standards and United Kingdom reporting standards applicable to the public sector have been used. The measurement base applied is historical cost adjusted for revaluations of certain assets.

The forecast financial statements have been prepared on a going concern basis and the accounting policies have been applied consistently throughout the period.

Reporting Period

The reporting period is the year ending 30 June 2012.

Basis of Consolidation

The consolidated Entire Public Sector financial report includes the transactions and balances of the Government of the Cayman Islands and its controlled entities during and at the end of the financial year. The controlled entities are combined using the purchase method of combination. Corresponding assets, liabilities, revenues and expenses are added together line by line. Transactions and balances between these sub-entities are eliminated on combination.

Specific Accounting Policies

Revenue

Coercive Revenue

Coercive revenue is recognised in accordance with the following recognition points.

| Coercive Revenue | Revenue Recognition Point |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------|
| Levies on International Trade and Tran | sactions |
| Import Duties Gasoline and Diesel Alcoholic Beverages Tobacco Products Motor Vehicle Duty Food Manufactured Goods Machinery and Transport Equipment | When goods become liable for duty, generally at declaration, prior to release of goods. |
| Cruise Ship Tax Environmental Protection Fees | When liability for tax or fee is incurred; date of disembarkment for cruise ships and date of departure for aircraft. |
| Domestic Levies on Goods and Service | |
| Business and Professional Licenses Work Permit Fees Traders' License LCCL Company Fees Bank and Trust License Insurance Licences Mutual Fund Administrators Partnership Fees Trust Registration Fees Liquor Licence CUC Licence Cable and Wireless Licence TV Station Licence Ship Registration Fees Hotel Licence Other Licences Radio stations (pending) | Upon initial application and, if appropriate, when renewed (renewal dates vary). |
| Other Levies on Goods and Services | When due. |
| Motor Vehicle Tax | Upon initial application and due date for annual renewal. |
| Tourist Accommodation Tax | Recognise when monthly return due. |
| Miscellaneous Stamp Duty | At the time the goods are delivered (on parcels). |
| Miscellaneous Immigration Fees | Upon application. |
| Levies on Property | |
| Land Transfer Duty | At time of transfer of ownership (set fee). |
| Infrastructure Fund Fee | For non-refundable fees, upon application for planning approval. For refundable fees, once planning approval is granted. |
| Other Levies | |
| Court Fines | When fine imposed. |
| Other Fines | When fine imposed. |

Sale of Goods and Services (including user charges and fees)

Revenue from the sale of goods and services, including revenue resulting from user charges or fees, is recognised when it is earned. This is generally at time of sale or on delivery of service. Revenue from the rendering of a service is recognised by reference to the stage of completion of contracts or in accordance with agreements to provide services. The stage of completion is determined according to the proportion that costs incurred to date bear to the estimated total costs of the transaction.

Investment revenue

Investment revenue is recognised in the period in which it is earned.

Donations

Donations meeting the recognition criteria for revenues are recognised at fair value at time of receipt. Donated services are recognised only when the services would have been purchased if not donated.

Expenses

General

Expenses are recognised when incurred.

Supplies and consumables - Leases

A distinction is made between finance leases which effectively transfer from the less or to the lessee substantially all the risks and benefits incidental to ownership of leased non-current assets and operating leases under which the less or effectively retains substantially all such risks and benefits.

Where a non-current asset is acquired by means of a finance lease, the asset is capitalised at the present value of the minimum lease payments at the inception of the lease and a liability recognised for the same amount. Leased assets are amortised over the period of the lease. Lease payments are allocated between the principal component and the interest expense.

Transfer payments

Personal benefits are recognised at time of payment.

Other transfers, including subsidies to government owned organisations are recognised when a legal or constructive liability to make the payment has been created.

Depreciation

Depreciation of non-financial physical assets is generally provided on a straight-line basis at rates based on the expected useful lives of those assets.

Assets

Cash and cash equivalents

Cash and cash equivalents include cash at bank and on hand, short term deposits at call, investments in short term money market instruments, and which are used in the cash management function on a day-to-day basis, net of outstanding bank overdrafts.

Receivables and advances

Receivables and advances are recorded at the amounts expected to be ultimately collected in cash.

Inventory

Inventories are recorded at the lower of cost and net current value. Where inventories are valued at cost, specific identification or the FIFO method has been used. Appropriate allowance has been made for obsolescence.

Investments

Loans and advances are valued at the lower of the balance owed or the amount expected to be recovered.

Investments held as current assets are to be carried at the lower of cost or market value.

Marketable securities that are held for trading purposes are recorded at net current value.

Permanent decreases in the value of non-current assets are recognised as an expense in the operating statement for that reporting period.

Property, Plant and Equipment (including Infrastructure Assets)

Land and buildings are recorded at historical cost (or fair value as at time of first recognition) or valuation.

Other plant and equipment, which includes motor vehicles and office equipment, is recorded at cost (or fair value as at time of first recognition) less accumulated depreciation.

Physical assets for which an objective estimate of market value is difficult to obtain (parks, for example) are recorded at the best estimate of fair value.

Valuations of tangible non-current assets are assumed to remain constant over the forecast period.

Computer Hardware and Software

Computer hardware and software are recorded at cost, and depreciated in accordance with the policy on depreciation.

Liabilities

Accounts Payable

Accounts Payable is recorded at the amount owing after allowing for credit notes and other adjustments.

Employee entitlements

Amounts incurred but not paid at the end of the reporting period are accrued. Annual leave due, but not taken, is recognised as a liability.

Provisions

Provisions are recognised in accordance with IAS 37 Provisions, Contingent Liabilities and Contingent Assets.

Pension liability

The unfunded pension liability represents the present value of the Government's unfunded liability to employees for past services as estimated in relation to the respective pension plans.

Forecasts of the pension liability are based on financial assumptions applied to the latest actuarial value of the liability for pension payments, net of the scheme's assets, adjusted on future years for any projected changes in demographic assumptions.

Borrowings

Borrowings are recognised as liabilities when the obligation is established. Borrowings are measured at their book value (equal to their nominal value).

Currency issued

Currency issued for circulation is measured at face value.

Commitments

Commitments are recorded in the Statement of Commitments at the value of the obligation.

Contingencies

The nature and an estimate of the financial effect of contingent liabilities are disclosed in the Statement of Contingent Liabilities. Contingent liabilities are recognised as liabilities when they are probable.

GOVERNMENT OF THE CAYMAN ISLANDS REVISED FORECAST FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2012

STATEMENT OF SIGNIFICANT ASSUMPTIONS

General Forecast Assumptions

These revised forecast financial statements were finalised 20th March 2012 and incorporate all government decisions and circumstances communicated up to that date.

These revised forecast financial statements do not include projected revaluations or other unpredictable valuations, losses or gains.
