**The Honourable Johany Ebanks, Minister responsible for
Planning, Lands, Agriculture, Housing & Infrastructure**

QUESTION: Can the Honourable Minister update the House on the plans to complete the Airport Connector Road, including the anticipated completion date?

ANSWER: The Ministry and NRA are happy to share that Section 1 of the ACR is progressing well. Sub-base works are substantially completed, and construction of the base layer is now in progress. Drainage wells are being drilled, which will be followed by installation of catch basins. By mid-June curbing installation will commence. Other key activities to follow include installation of street lighting, final base preparation and paving. It is anticipated that the project will be completed before the end of September 2023.
