PLAN AND ESTIMATES

This page is intentionally left blank

1. INTRODUCTION

Purpose

This Plan and Estimates (P&E) is the Government's main Budget document and provides a summary of the Government's planned policy actions and forecast financial performance and position covering two financial years 1 January to 31 December 2026 and 1 January to 31 December 2027. These forecasts reflect the outcome goals, fiscal strategy and priorities established by the Cabinet.

This document also specifies the expenditure appropriations being requested to fund those policy actions. The appropriation requests form the basis of The Appropriation (Financial Years 2026 and 2027) Bill, 2025. The appropriations for the 2026 financial year will not expire on 31 December of that financial year. If there are any unused appropriations at 31 December 2026, these unused amounts shall not expire and shall be carried to the 2027 financial year but such unused amounts shall not be spent in the 2027 financial year except with the expressed written approval of Cabinet.

The P&E summarises the planned actions and financial performance at an overall Government level. The performance expected of individual Government agencies, Public Authorities and Non-Governmental Organisations supplying outputs, is provided in three other sets of documents that accompany the P&E, namely the Budget Statements, Purchase Agreements and Ownership Agreements.

The Budget Statements for each Ministry, Portfolio and Office detail the output delivery and ownership performance expected of each agency during the 2026 and 2027 financial years.

The Purchase Agreements specify in detail the outputs the Government plans to purchase from Statutory Authorities, Government Companies (SAGCs) and Non-Governmental Output Suppliers during the 2026 and 2027 financial years.

The Ownership Agreements specify the Ownership performance Government expects of each SAGC during the 2026 and 2027 financial years.

Content of the Plan and Estimates

Section A includes:

- A description of the policy Outcomes that the Government is seeking to achieve during the 2026 and 2027 financial years; and
- A summary of the policy actions the Government intends to pursue to influence these policy Outcomes including:
 - Legislation that will be prepared and introduced;
 - Outputs that will be purchased;
 - Transfer Payments that will be made;
 - Other Executive Expenditures; and
 - Ownership actions that will be taken (by way of Equity Investments; the purchase and/or construction of Executive Assets; and Loans to be made by Government).

Section B contains the detailed forecast accrual-based Financial Statements for the 2026 and 2027 financial years for the Core Government and the Entire Public Sector.

Basis of Financial Information

In accordance with the requirements of the Public Management and Finance Act (2020 Revision), the financial information presented in the P&E (and the other budget documents) has been calculated on an accrual accounting basis.

Under Accrual Accounting

A strict operating/capital distinction is maintained with separate statements prepared for operating activity (the Statement of Financial Performance), assets and liabilities (the Statement of Financial Position) and cash flows (Statement of Cash Flows);

Operating revenue is recognised in the Statement of Financial Performance when it is due, not when the cash is collected (which is reported in the Statement of Cash Flows). Revenue due, but not collected, is recorded as accounts receivable in the Statement of Financial Position;

Operating expenses are recognised in the Statement of Financial Performance when the expense is incurred (usually the point at which the expenditure is committed), not when payments are made (which is reported in the Statement of Cash Flows). Expenses payable are recorded in the Statement of Financial Position as a liability; and

Non-Cash expenses are also recognised in the Statement of Financial Performance. The main non-cash expense item is depreciation. This reflects the use (or wearing out) of fixed assets. Any write-off or impairment in the value of fixed assets is also recorded as an accrual expense, as are increases in certain liabilities (such as the Past Service Pension Liability).

SECTION A

2026 AND 2027 PLAN AND ESTIMATES

FOR THE 2026 FINANCIAL YEAR ENDING 31 DECEMBER 2026
AND THE 2027 FINANCIAL YEAR ENDING 31 DECEMBER 2027

2. OVERVIEW OF OUTCOMES FOR 2026 AND 2027

Broad Outcomes 2026-2027

- **Education, Immigration, and Workforce Development**
Strong Education and Immigration Systems that Support a Highly Skilled and Adaptable Caymanian Population.
- **Housing, Infrastructure and Environment**
Sustainable Physical Development that Prioritises Affordable Housing, Ensures Resilient Infrastructure and Protects Nature.
- **Economy**
A Diversified, Resilient Economy that Supports Prosperity and Innovation.
- **Healthy and Social Development**
Healthy and Empowered People with Improved Quality of Life for All Ages.
- **Caymanian Identity, Culture, and Heritage**
A Cohesive Society that Protects and Institutionalises Caymanian Identity and Culture.
- **Public Services**
Efficient, Effective, Accountable and People-Centred Public Services.
- **Good Governance and Public Safety**
A Secure, Well-Governed Country Demonstrated by Transparent Governance and Robust Public Safety Systems.

Broad Outcome One

Strong Education and Immigration Systems that Support a Highly Skilled and Adaptable Caymanian Population

This outcome focuses on strengthening education and immigration systems to develop a skilled, adaptable Caymanian workforce. It prioritises equitable access to quality education, modern learning pathways, and smooth transitions into employment. A national workforce strategy, inclusive policies, and immigration, labour and pension reforms will ensure fairness, sustainability, and long term resilience, supported by high performing public service entities.

The Specific Outcomes in this key area are:

- Ensure equitable access to a quality, well-rounded education system at all stages of learning;
- Enable a modern, relevant, and future-focused education system;
- Develop and implement holistic and effective pathways to transition Caymanians from education or unemployment to employment;
- Reform and maintain a modern, fit-for-purpose and effective immigration system that protects the rights of current;
- Develop and implement a national workforce strategy and human capital plan including a national qualifications framework;
- Develop and implement inclusion frameworks for persons with intellectual, developmental and physical disabilities to move from education to employment;
- Pursue a National Labour and Pensions Reform Strategy to ensure long-term sustainability, transparency, and adequacy of working conditions and retirement benefits;
- Ensure the public service entities responsible for education, immigration, labour, employment and pensions are resourced and high performing to be able to achieve the policy objectives; and
- Create pathways to encourage more Caymanians to pursue careers in healthcare, technology and other emerging industries.

Broad Outcome Two

Sustainable Physical Development that Prioritises Affordable Housing, Ensures Resilient Infrastructure and Protects Nature

This outcome focuses on advancing sustainable development by expanding affordable housing, modernising infrastructure, and accelerating renewable energy adoption. It strengthens climate resilience, through coastal storm water management, protects key natural assets with expanded conservation areas, and ensure well-maintained public spaces to enhance community wellbeing.

The Specific Outcomes in this key area are:

- Implement a national housing policy and aligned housing systems across Grand Cayman and the Sister Islands to address housing security for all residents;
- Ensure an increased supply of affordable housing units;
- Update and adopt a National Development Plan supported by updated development and planning legislation;
- Ensure the Cayman Islands has modern, fit-for-purpose and future-ready infrastructure systems including transport, utilities and telecoms;
- Develop and implement the priority aspects of the national energy policy including accelerating the adoption of renewable and transitional sources of energy to lower costs for consumers;
- Develop and implement a national coastal management strategy, with a priority focus on historical issues such as acute beach erosion;
- Develop and implement a sustainable, cost-effective waste management strategy and plan;
- Maintain healthy populations of key species through close monitoring;
- Develop and implement a national stormwater management strategy to protect residents;
- Implement the priority aspects of the National Climate Change Policy;
- Expand the number of nationally and internationally protected areas and or national parks;
- Ensure accessible, well-maintained public buildings, essential infrastructure, parks and greenspaces to preserve their value and enhance community well-being;
- Embed sustainability practices and policies across the civil service and SAGCs to improve socioeconomic and environmental outcomes; and
- Ensure efficiently managed essential public infrastructure and buildings across their full life cycle.

Broad Outcome Three

A Diversified, Resilient Economy that Supports Prosperity and Innovation

This outcome focuses on building a diversified and resilient economy that supports prosperity and innovation. It strengthens Cayman's global competitiveness in financial, maritime and aviation services while expanding entrepreneurship, reinsurance, tourism and trade. Targeted investments in technology, healthcare, climate-resilient agriculture will diversify opportunities, enhance food security, and promote sustainable growth across all three islands.

The Specific Outcomes in this key area are:

- Foster globally competitive financial, maritime and aviation services sectors underpinned by robust, transparent regulatory frameworks;
- Cultivate a resilient, inclusive and diversified economy by strengthening local commerce and empowering entrepreneurship;
- Position the Cayman Islands as a centre of excellence for technology and healthcare;
- Grow the reinsurance sector and obtain National Association of Insurance Companies (NAIC) equivalency to enhance our global competitiveness;
- Develop and implement a national tourism strategy to optimise benefits while protecting, growing and diversifying target markets and airline routes;
- Optimise the national flag carrier to support the local economy and international trade and as an air bridge for the Sister Islands;
- Enhance existing trade routes and explore the establishment of new trade partners;
- Facilitate and promote an expanded portfolio of attractions for visitors and residents;
- Advance long-term economic development through a national strategy supported by robust data collection, analysis, and foresight to enable sustainable growth; and
- Facilitate a productive, climate-resilient agricultural sector that strengthens food security and supports healthy diets.

Broad Outcome Four

Healthy and Empowered People with an Improved Quality of Life for All Ages

This outcome focuses on ensuring that all people in the Cayman Islands; regardless of age, ability, or circumstance, can live healthy, fulfilling, and empowered lives. The goal is to improve the physical, mental, and social well-being of all residents through accessible, high-quality healthcare, robust public health initiatives, and inclusive community programmes.

The Specific Outcomes in this key area are:

- Provide affordable and accessible health services for all vulnerable Caymanians;
- Enhance and create Public Health Programmes that improve health outcomes for all;
- Create a national framework to measure and monitor the standards and quality of care for all;
- Ensure the Cayman Islands has a modern regulatory framework for the healthcare system;
- Promote physical health and social development by providing the necessary infrastructure, equipment and coaching for organised youth sports programmes;
- Facilitate enrichment, social development and life skills programmes for children and young adults;
- Develop and maintain community wellness initiatives to reduce the incidence of preventable chronic illnesses. Develop a comprehensive elder care system that combines high-quality healthcare, in-home care services, and social engagement programmes for older persons;
- Develop and implement a comprehensive National Health Strategy and Plan to improve physical and mental health outcomes across communities; and
- Develop and implement a legislative framework to protect and support the well-being and inclusion of all vulnerable adults.

Broad Outcome Five

A Cohesive Society that Protects and Institutionalises Caymanian Identity and Culture

This outcome focuses on creating a unified national strategy that celebrates Caymanian culture, safeguards heritage assets, and embeds cultural education across generations. By combining legislative protection, education, digital innovation, and community engagement, this strategy ensures that Caymanian identity remains vibrant, relevant, and inclusive.

The Specific Outcomes in this key area are:

- Implement an updated fit-for-purpose national strategy to promote and preserve Cayman Islands culture and heritage and create a comprehensive narrative of Caymanian identity;
- Develop a framework and legislation to preserve and protect our Caymanian culture and heritage;
- Implement a national population strategy that maintains a high quality-of-life, preserves cultural heritage and protects natural resources for Caymanians and residents;
- Enhance and expand resources, programmes and spaces for preserving, showcasing, and celebrating Caymanian identity, heritage and culture;
- Deliver a comprehensive cultural education programme across all school levels to foster national identity and pride. Build and maintain a comprehensive digital archive and interactive platform to document, preserve, and make Caymanian cultural heritage accessible for future generations; and
- Create a comprehensive narrative of our national identity by documenting historical milestones, preserving cultural heritage, and weaving together traditional values with future aspirations to foster unity and shared purpose across our community.

Broad Outcome Six

Efficient, Effective, Accountable and People-Centred Public Services

This outcome focuses on transforming the Cayman Islands' public sector into a modern, high-performing, and citizen-focused system that delivers quality services efficiently and transparently. It emphasises accountability, innovation, and sustainability as core principles for improving government performance and strengthening public trust.

The Specific Outcomes in this key area are:

- Facilitate streamlined, integrated, and high-performing public service operations;
- Facilitate well-resourced, digitally enabled government departments and agencies that effectively deliver customer-centric services;
- Cultivate a skilled, agile, and accountable public-sector workforce through continuous training, safe and supportive workplaces, and performance-based incentives aligned with government priorities;
- Adopt a responsible, ethical, and innovative approach to digital strategies and artificial intelligence, which enhances service delivery, protects rights and privacy, strengthens public trust, and positions the Cayman Islands as a forward-looking jurisdiction; and
- Enhance the management and rehabilitation of offenders to support reduced recidivism and safer communities.

Broad Outcome Seven

A Secure, Well-Governed Country Demonstrated by Transparent Governance and Robust Public Safety Systems

The outcome focuses on building a government that is fiscally responsible, transparent, and trusted, while maintaining a secure environment supported by modern law enforcement, robust emergency management, and effective governance frameworks. Through these measures, the Cayman Islands will continue to uphold its reputation as a well-governed, safe, and forward-looking jurisdiction.

The Specific Outcomes in this key area are:

- Implement outcome-based budgeting, maintain sound fiscal and debt management, and develop innovative revenue strategies to ensure resources are directed to national priorities and sustainable public finances. Strengthen national security through effective law enforcement, public safety and border control for the safety and protection of all residents of, and visitors to the Cayman Islands;
- Maintain and strengthen emergency preparedness measures to ensure the safety and well-being of all residents of, and visitors to the Cayman Islands;
- Prioritise community safety, reduce traffic-related injuries and fatalities, and promote responsible road use through effective infrastructure, enforcement, and public education;
- Enhance information management infrastructure and protocols to protect government systems, critical infrastructure, and residents' data, including from cyber threats;
- Review and update the legislative, regulatory and policy frameworks that govern public services to enhance efficiency, competitiveness, accountability, and sustainability in delivering value to the public;
- Strengthen transparency, accountability, and public trust by providing a framework to regularly report public-sector performance and ensure clear and responsive government communications;
- Strengthen good governance as characterised by effective Constitutional Commissions and Offices, active public participation, strong accountability mechanisms, and ethical leadership that fosters public trust and delivers equitable services to all Caymanians;
- Facilitate an effective and efficient Parliament that operates with transparency, integrity, and effectiveness; and
- Reform the legal framework for campaign financing to improve transparency of political funding.

3. KEY INITIATIVES/SUMMARY OF INITIATIVES BY ENTITIES

The **Cabinet Office** supports the Governor, Premier, and Cabinet by providing neutral policy advice, coordinating cross-ministerial initiatives, and ensuring the effective administration of government operations. It promotes good governance, transparency, and national coordination across all ministries.

Key initiatives of the Office are:

- Strengthen government policymaking through improved coordination, innovation, and monitoring across ministries;
- Expand and support the Community of Practice for Policy Practitioners (CPPP) to enhance policy capacity and knowledge sharing;
- Support the implementation of the Government Privacy Policy across the public service;
- Represent and advance Cayman Islands' interests in the United Kingdom;
- Enhance national disaster management through updated hazard plans, multi-agency coordination, and comprehensive training;
- Strengthen emergency response, logistics, and recovery operations, and complete the National Weather Service Operational and Research Centre; and
- Improve public and internal communication through the Civil Service Communications Strategy, fostering engagement and alignment with policy priorities.

The **Ministry of Finance and Economic Development** ensures sound fiscal management, promotes economic growth, and maintains government accountability and transparency through effective financial governance, budgeting, and policy development.

Key initiatives of the Ministry are:

- Expanding and improving national statistics such as GDP (by expenditure, income, and production), international investment positions, and quarterly economic growth projections;
- Advancing work on the Tourism Satellite Accounts and the Cayman Islands Development Plan;
- Adopting international statistical and quality assurance standards in collaboration with regional and global partners;
- Building technical expertise in data compilation, macroeconomic analysis, and forecasting through training and capacity development;
- Review and recommend the most suitable public-sector accounting framework and manage the transition;
- Oversee the transformation of the Cayman Islands Development Bank and create a new unit to manage affordable lending programmes that support national priorities in housing, education, and small business development;
- Conduct economic and actuarial reviews to assess the feasibility of National Health and Property Insurance Plans to enhance affordability, access, and resilience;
- Modernise the Government's budgeting and reporting framework to focus on outcomes, clarity, and efficiency;
- Enhancing claims management, promoting risk awareness; and
- Upgrading financial systems, and improving financial reporting and forecasting accuracy.

The **Ministry of Education and Training** is responsible for policy and legislative advice, development, implementation, monitoring and reporting services for education and public libraries.

Key initiatives of the Ministry are:

- Child-Centred Education Reform: Modernise education legislation to create a unified cradle-to-career system focused on equity, inclusion, workforce readiness, and student wellbeing, including mental health and life skills support;
- Caymanian School Identity: Foster culturally rich schools that reflect Caymanian heritage, values, and community identity;
- Quality Teaching and Learning: Strengthen teacher recruitment, professional development, and curriculum alignment to improve instructional quality, accountability, and student outcomes;
- Modern Public Libraries: Expand digital access, preserve cultural heritage, and promote literacy and lifelong learning;
- Sunrise Adult Training Centre: Enhance vocational training, therapeutic supports, and employment opportunities for adults with diverse abilities;
- Infrastructure and Capital Planning: Invest in sustainable, safe, and efficient education facilities, including a new centre for adults with special needs; and
- Internal Ministry Effectiveness: Improve accountability, fiscal management, and transparency to align outcomes with government priorities.

The **Ministry of District Administration and Home Affairs** occupies a central role in ensuring the security, safety, and resilience of the Cayman Islands. Its remit spans multiple mission areas that collectively help to safeguard the country's stability and prosperity: border enforcement, economic resilience, community readiness, emergency response, and offender management.

Key initiatives of the Ministry are:

- Affordable Housing and Infrastructure: Expand affordable housing in the Sister Islands, upgrade community facilities, roads, drainage, and parks, and strengthen water and wastewater systems;
- Economic Development: Modernise Customs operations and postal services, support small businesses, and invest in heritage tourism and infrastructure to boost local economies;
- Health and Social Development: Improve offender rehabilitation, wellness initiatives, and disability inclusion through upgraded facilities, accessible transport, and sports infrastructure;
- Culture and Heritage: Preserve and promote Caymanian identity through heritage site restoration, cultural programming, and national cadet initiatives;
- Public Services Modernisation: Enhance governance, digitisation, sustainability, and emergency communications systems for efficient service delivery; and
- Public Safety and Security: Strengthen national security, emergency response, and law enforcement through upgraded fire and prison facilities, enhanced border management, advanced intelligence systems, and expanded CCTV coverage

The **Ministry of Financial Services and Commerce** delivers its mandate through five integrated units that support policy, regulation, and operations across financial services and commerce agencies and SAGCs. The Stakeholder Engagement Unit (SEU) manages domestic and international engagement; the Operations and Administration Unit (OAU) provides HR, finance and operational support; the Trade and Commerce Unit (TCU) leads reforms in commerce, intellectual property, aviation and maritime; the Financial Services Unit (FSU) develops financial services policy and legislation; and the Business Change and Technology Unit (BCT) drives digital transformation and system modernisation. Together, these units ensure effective regulation, operational excellence, and sustainable support for the Cayman Islands' reputation and economic resilience. Additionally, six operational departments provide services to the public and other stakeholders.

Key initiatives of the Ministry are:

- Strengthen national AML/CFT/CPF frameworks, coordinate risk assessments, lead FATF evaluations, enhance stakeholder training, and foster international cooperation to mitigate illicit finance risks;
- Support SMEs through advisory services, access to finance, entrepreneurship training, and market opportunities to promote innovation, diversification, and sustainable growth;
- Modernise licensing, compliance, and enforcement through digital transformation, strengthen DNFBP oversight, and maintain alignment with global best practices;
- Uphold global Intellectual Property (IP) standards, facilitate trademark and patent registration, raise IP awareness, and protect Caymanian innovation;
- Maintain alignment with OECD tax transparency standards, safeguard Cayman's reputation, enhance reporting systems, and foster international cooperation; and
- Promote regulatory excellence, stakeholder engagement, and operational efficiency through technology, staff development, and collaboration with global partners.

The **Ministry of Social Development and Innovation** is reimagining social development by supporting and uplifting Cayman's most vulnerable people with new or revamped services and advancing the digital and innovation capacities of the Cayman Islands.

Key initiatives of the Ministry are:

- Deliver best-practice social work, residential care, and family support programmes while promoting public awareness and youth intervention;
- Provide targeted financial aid and benefits, expand district outreach, modernise facilities, and implement new client management systems;
- Launch a national digital ID system, expand online access to government services, and enhance digital inclusion through public awareness initiatives;
- Maintain secure and resilient IT infrastructure, modernise payment and data systems, and improve citizen access to online services;
- Safeguard government systems and data through strategic risk management, capability building, and public education on cyber safety; and
- Expand vocational training, employment, and community inclusion for adults with disabilities, and plan for a purpose-built facility.

The **Ministry of Youth, Sports, Culture and Heritage** aims to strengthen national identity, community well-being, and youth empowerment through coordinated programmes in sports, culture, and heritage for the 2026–2027 financial years. These initiatives collectively aim to empower youth, promote active lifestyles, and preserve Caymanian culture, ensuring a vibrant, healthy, and united society.

Key initiatives of the Ministry are:

- Promote fitness and healthy lifestyles for all; strengthen collaboration among sports, education, health, and tourism sectors; support talent identification and development; build capacity within National Sports Associations; and provide technical guidance and policy support through the Sports Commission;
- Empower young people through leadership development, policy collaboration, and capacity-building for youth organisations;
- promote youth engagement in national decision-making; and highlight youth achievements through recognition programmes such as *Proud of Them* and the *YES Symposium*;
- Preserve and promote Caymanian culture and heritage through education, research, policy development, and cultural exchange programmes; and
- safeguard tangible and intangible heritage; promote local dialect; and manage cultural centres and events that celebrate Cayman’s national identity.

The **Ministry of Planning, Lands, Agriculture, Housing and Infrastructure** is responsible for the Cayman Islands’ infrastructure development through the creation, facilitation, and oversight of cutting-edge policies, legislation, plans, projects, and programmes that provide smart development, well-organised land administration, connected infrastructure, and resilient systems that improve the quality of life for the people of the Cayman Islands.

Key initiatives of the Ministry are:

- Build Affordable Housing: developing and allocating housing for eligible Caymanians;
- Advance Road Infrastructure: delivering long-term road planning, traffic engineering, and modelling, such as the East-West Arterial extension;
- Launch Sister Islands Initiative: developing infrastructure to improve resilience and support sustainable growth in Cayman Brac and Little Cayman;
- Update the National Development Plan: modernising development planning through an updated national plan and supporting legislation for long-term prosperity;
- Implement National Beach Resilience Plan: developing sustainable coastal protection and replenishment with private-sector partnerships; and
- Address Waste Management: implementing a sustainable, cost-effective waste management strategy and plan, inclusive of reuse, recycle and composting initiatives.

The **Ministry of Tourism and Trade Development** aim to strengthen the Cayman Islands’ position as a premier, sustainable tourism destination while supporting economic growth, cultural authenticity, and workforce development. These initiatives aim to deliver a world-class, sustainable, and distinctly Caymanian tourism experience that drives long-term economic resilience.

Key initiatives of the Ministry are:

- Develop data-driven policies and legislation to guide sustainable tourism and trade development;
- Upgrade ports of entry to improve visitor experience and operational efficiency;
- Diversify tourism through eco-tourism initiatives, emerging market expansion, and small business funding;
- Implement national tourism and recovery strategies to revitalise the sector and enhance brand positioning;
- Promote Caymanian culture and workforce participation within the tourism industry;
- Strengthen research, monitoring, and financial management systems to ensure accountability and value for money; and
- Collaborate with the Department of Environment to protect natural resources and promote responsible tourism.

The **Ministry of Health, Environment and Sustainability** is committed to protecting public health, enhancing environmental sustainability, and improving social well-being through effective governance, modern infrastructure, and evidence-based programmes. Collectively, these initiatives aim to build a healthier, safer, and more sustainable Cayman Islands through integrated public health, environmental protection, and social support systems.

Key initiatives of the Ministry are:

- Modernise environmental health operations, improve waste management and recycling systems, and strengthen food safety, public sanitation, and environmental education. Advance the Integrated Solid Waste Management System (Regent Project), upgrade fleet and laboratory facilities, and implement the new Environmental Health Law to raise national standards;
- Enforce health insurance and practice legislation, manage the Segregated Insurance Fund, resolve complaints, and conduct public education campaigns to improve compliance and awareness;
- Reduce mosquito-borne disease risks through surveillance, control programmes, and public education. Enhance efficiency, research, and worker safety to maintain cost-effective, evidence-based vector management;
- Provide accessible, confidential, and client-focused mental health and counselling services supported by ethical leadership, modern systems, and inclusive service delivery;
- Deliver high-quality, holistic mental health rehabilitation and psychosocial support. Promote independent living, community reintegration, stigma reduction, and accreditation as a centre of excellence; and
- Protect and restore marine and terrestrial ecosystems, address invasive species, implement the National Conservation Act, and support national strategies for climate change and sustainability.

The **Portfolio of the Civil Service** is dedicated to building a world-class, accountable, and people-centred Civil Service through strong governance, professional development, and modern management systems. Collectively, these initiatives aim to ensure a professional, trusted, and high-performing Civil Service that delivers value to the people of the Cayman Islands through integrity, innovation, and excellence.

Key initiatives of the Portfolio are:

- Strengthen HR expertise across government, enhance the HR Management System, implement competency frameworks, and deliver civil service transformation initiatives under the 5-Year Strategic Plan. Improve staff engagement, pay and benefits, and job evaluation methodologies to promote fairness and efficiency;

- Provide independent assurance, promote accountability, and strengthen governance through risk-based audits, risk management, and advisory services across the Civil Service and SAGCs;
- Lead delivery of the current Civil Service Strategic Plan (2024–2026), develop the new plan (2027–2031), and support leaders in driving innovation and transformation aligned with government priorities;
- Deliver professional learning, leadership development, and qualifications that build a capable, high-performing workforce and promote lifelong learning;
- Maintain balanced constitutional relations with the UK, coordinate climate and disaster resilience efforts, manage international obligations, and ensure effective governance and protocol operations;
- Strengthen records and information management across the public sector through training and compliance support;
- Administer elections, referendums, and boundary reviews efficiently while maintaining readiness for by-elections;
- Support and promote the independence, transparency, and accountability of constitutional commissions, including Anti-Corruption, Standards in Public Life, and Human Rights;
- Provide strategic advice and administrative support to the Deputy Governor, lead enterprise risk management, citizenship services, and personnel vetting, and coordinate boards and committees;
- Improve educational outcomes through rigorous, risk-based inspections, enhanced governance and accountability, and a focus on wellbeing and post-16 education; and
- Manage BOTC passport issuance, US visa waivers, document legalisation, and special marriage licences, ensuring efficient and customer-focused services.

The **Office of the Commissioner of Police (OCP)**, comprising the Royal Cayman Islands Police Service, Cayman Islands Coast Guard, and Cayman Islands Regiment, is mandated to safeguard the security, stability, and resilience of the Cayman Islands. Through professional policing, maritime security, and national resilience capabilities, the OCP works to prevent and reduce crime, protect life and property, secure Cayman’s borders, and respond effectively to natural and man-made threats. Its mandate is underpinned by good governance, accountability, and strong interagency and community partnerships, ensuring the safety and confidence of the public while preserving Cayman’s reputation as a safe and peaceful jurisdiction.

Key initiatives of the Office are:

- Modernise policing operation and capabilities;
- Ensure maritime safety and disrupt illegal maritime movements;
- Strengthen emergency and disaster preparedness response; and
- Build coordinated emergency response capacity through training and partnership.

4. 2026 AND 2027 BUDGET APPROPRIATIONS

The budget period consists of two financial years i.e., 1 January to 31 December 2026 and 1 January to 31 December 2027.

Furthermore, the 2026 and 2027 Budgets will cover the next two financial years - i.e., 1 January to 31 December 2026 and, 1 January to 31 December 2027. The appropriations for 2026 will not expire on 31 December of that financial year. If there are any unused appropriations at 31 December 2026, these unused amounts shall not expire and shall be carried to the 2027 financial year but such unused amounts shall not be spent in the 2027 financial year except with the expressed written approval of Cabinet.

Entities may not use appropriations approved for the 2027 financial year, to incur executive expenses, acquire executive assets, make equity investments or loans and undertake borrowing in the 2026 financial year, except with the expressed written approval of Cabinet.

5. REVISED FORECAST FINANCIAL RESULTS FOR 2025

A summary of the 2025 revised forecast financial statements of the Core Government and the Entire Public Sector is provided in Table 1 below.

TABLE 1
2025 Revised Forecast Financial Statements

Financial Measure	Core Government		Entire Public Sector	
	2025 Forecast \$000s	2025 Budget \$000s	2025 Forecast \$000s	2025 Budget \$000s
Operating Statement				
Operating Revenue	1,184,558	1,136,533	1,618,420	1,517,496
Operating Expenses	1,159,615	1,058,715	1,606,963	1,441,588
Financing Expenses	14,669	24,661	14,296	24,737
Core Government Surplus/(Deficit)	10,274	53,157	(2,838)	51,171
Net Loss of Public Authorities	(13,112)	(1,986)	-	-
Entire Public Sector Net Surplus/(Deficit)	(2,838)	51,171	(2,838)	51,171
Balance Sheet				
Debt (Balance at 31 December 2025)	505,239	495,106	513,650	507,249
Net Worth at 31 December 2025	2,492,052	2,227,849	2,492,052	2,227,849
Cash Flow				
Net Operating Cash Flows	51,934	83,658	65,421	159,265
Net Investing Cash Flows	149,029	(115,080)	97,894	(151,356)
Net Financing Cash Flows	80,527	54,908	90,348	50,248
Net Increase in Cash	281,490	23,486	253,664	58,157
Opening Cash Balance (at 1 January 2025)	132,677	388,662	588,602	744,245
Closing Cash balance and Term Deposits (at 31 December 2025)	414,167	412,148	842,265	802,402

Forecast Surplus from Operating Activities

The forecast Operating Revenue of the Core Government for the 2025 fiscal year is \$1,184.6 million. This forecast is based on known circumstances and policies existing as at 3 November 2025. The Forecast Surplus of \$10.3 million is \$42.9 million less than the \$53.2 million Core Government Surplus estimated in the original 2025 approved Budget.

Forecast Operating Revenues

The Government is forecast to earn \$1,184.5 million in total revenue for 2025. This amount is \$48.0 million greater than the \$1,136.5 million estimated in the original 2025 budget. The significant overage is mainly as a result of higher Coercive Revenues.

Overall revenues for Core Government are forecast to be higher than originally budgeted due largely to the impact of increased revenues from the financial services sector, along with Tourism-related revenues and the real estate sector.

Specific positive variances from the 2025 original budget include: Stamp Duty – on Land Transfers up \$18.3 million; Work Permit Fees up \$13.4 million; and Partnership Fees up \$9.4 million. Other revenue sources with significant positive variances are: Other Stamp Duty (\$7.8 million, positive variance); Partnership Fees (\$9.4 million, positive variance); Private Fund Fees (\$8.2 million, positive variance) and Other Company Fees - Exempt (\$5.7 million, positive variance).

Forecast Operating and Financing Expenses

The forecast Operating and Financing Expenses for the Core Government are projected to be \$1,174.3 million for 2025, which is \$90.9 million greater than the original budget of \$1,083.4 million. Outputs from Non-Governmental Output Suppliers are anticipated to be \$45.1 million higher than budgeted. Outputs from Statutory Authorities and Government Owned Companies are projected to be \$25.3 million more than originally budgeted, primarily due to increased funding to the Health Services Authority and the Cayman Islands National Insurance Company. Transfer Payments are forecast to be \$40.4 million greater than the original 2025 budget due to higher level of support provided to recipients of the Ex-Gratia Benefit Payments to Seafarers and Veterans and Financial Assistance.

Performance of Statutory Authorities and Government Owned Companies

Statutory Authorities and Government Owned Companies are forecast to have a net Operating Deficit of \$13.1 million for the year ending 31 December 2025 this is an \$11.0 million deterioration from the original 2025 budget.

Forecast Cash Position

The Core Government is forecast to have bank account balances totalling \$414.2 million as at 31 December 2025, all of which is expected to be classified as cash and cash equivalents (including fixed deposits with terms less than 90 days to maturity).

Compliance with Principles of Responsible Financial Management

The Government is forecast to comply with all six (6) Principles of Responsible Financial Management as at 31 December 2025. The table below details the level of compliance with all the Principles as specified in section 14 and in Schedule 6 of the Public Management and Finance Act (2020 Revision).

TABLE 2

2025 Compliance with Principles of Responsible Financial Management

Principle	Degree of Compliance	
	Revised Forecasts for 2025	Approved 2025 Budget
Core Government Operating Surplus : should be positive (Operating surplus = Core Government operating revenue – Core Government operating expenses)	Does Not Comply* Surplus = \$10.3 million	Complies Surplus = \$53.2 million
Net Worth: should be positive (Net worth = Core Government assets – Core Government liabilities)	Complies Networth = \$2.5 billion	Complies Net Worth = \$2.2 billion
Borrowing: Debt servicing cost for the year should be no more than 10% of Core Government revenue (Debt servicing = interest + other debt servicing expenses + principal repayments for Core Government debt, Public Authorities debt and self-financing loans)	Complies Debt servicing = 6.2 %	Complies Debt servicing = 7.8%
Net Debt: should be no more than 80% of Core Government revenue (Net debt = outstanding balance of Core Government debt + outstanding balance of self-financing loan balance + weighted outstanding balance of Public Authorities guaranteed debt - Core Government liquid assets)	Complies Net debt = 17.2 %	Complies Net debt 19.0%
Cash Reserves should be no less than estimated executive expenses for 90 Days: (Cash reserves = Core Government cash and other liquid assets at lowest point)	Complies Cash reserves = 97.3 days	Complies Cash Reserves = 104.3 days
Financial risks should be managed prudently so as to minimise risk	Complies Insurance cover exists for all government buildings, vehicles and major potential liabilities. Hurricane Preparedness Strategy in place.	Complies Insurance cover exists for all government buildings, vehicles and major potential liabilities. Hurricane Preparedness Strategy in place.

6. FINANCIAL FORECASTS FOR 2026 AND 2027

The Government's financial forecasts for 2026 and 2027 are provided in Section B of this document. Those forecasts are summarised and explained in this section of the P&E.

In accordance with the requirements of the Public Management and Finance Act (2020 Revision), the financial forecasts for 2026 and 2027 take the form of a full set of accruals based forecast financial statements. The key forecast financial statements are:

- A Forecast Statement of Financial Performance, which reports the budgeted revenues and expenses measured on an accrual's basis and the resulting Net Surplus (which is the key measure of Government's operating performance);
- A Forecast Statement of Financial Position, which reports the assets and liabilities Government is budgeting to own (or in the case of liabilities, owe) at the end of 2026 and 2027 and the resulting Net Worth (which is the key measure of the Government's financial position);
- A Forecast Statement of Cash Flows, which reports the operating, investing and financing cash flows the Government is budgeting for 2026 and 2027 and the resulting Net increase/decrease in Cash and Cash Equivalents (which is a measurement of the Government's cash position); and
- A Forecast Statement of Changes in Net Worth, which reports the increase or decrease in Net Worth, the Government is budgeting for 2026 and 2027 and its composition (which is the key measure of the amount citizens have invested in the Government).

In accordance with the requirements of the Public Management and Finance Act (2020 Revision), there are two sets of forecast financial statements provided; one for the Core Government itself, and another for the Entire Public Sector. Both sets include the financial activity (Statement of Financial Performance, Statement of Financial Position and Statement of Cash Flows) of Public Authorities.

The Core Government comprises of Parliament, Ministries, Portfolios, Offices and the Judicial Administration. It also includes the Operating Surpluses/Deficits of Public Authorities as a single line in the Statement of Financial Performance entitled 'Surplus/(Deficit) of Statutory Authorities and Government Companies'. Similarly, the Net Worth of Public Authorities is recognised in a single line in the Statement of Financial Position entitled 'Net Worth – Public Entities'.

The Entire Public Sector includes the same information as for the Core Government plus the revenues, expenses, assets and liabilities of Public Authorities on a line-by-line basis by aggregating them with the revenues, expenses, assets and liabilities of the Core Government. Transactions and balances between entities that make-up the Entire Public Sector, are eliminated on consolidation. The key measures of Government's financial performance (Operating Net Surplus and Net Worth), are the same under either method and are therefore the same for both the Core Government and the Entire Public Sector.

A summary of the forecast financial statements for the 2026 and 2027 financial years is provided in Table 3 below.

TABLE 3
Summary of 2026 and 2027 Forecast Financial Statements

Financial Measure	Core Government		Entire Public Sector	
	2026 Budget \$000s	2026 Budget \$000s	2027 Budget \$000s	2027 Budget \$000s
Operating Statement				
Operating Revenue	1,257,767	1,717,904	1,324,899	1,813,553
Operating Expenses	1,225,149	1,686,442	1,256,437	1,749,062
Financing Expenses	21,483	24,800	30,726	33,950
Core Government Surplus/(Deficit)	11,135	6,662	37,736	30,541
Net Loss of Public Authorities	(4,473)	-	(7,195)	-
Entire Public Sector Net Surplus/(Deficit)	6,662	6,662	30,541	30,541
Balance Sheet				
Debt (Balance @ 31 December)	578,859	589,133	633,702	642,152
Net Worth at 31 December	2,498,714	2,498,713	2,529,253	2,529,253
Cash Flow				
Net Operating Cash Flows	85,976	139,251	117,039	233,325
Net Investing Cash Flows	(133,742)	(176,608)	(118,562)	(186,576)
Net Financing Cash Flows	62,228	52,115	43,592	33,236
Net Increase in Cash	14,462	14,758	42,069	79,985
Opening Cash Balance (@ 1 January)	414,167	842,265	428,629	857,023
Closing Cash Balance and Term Deposits (@ 31 December)	428,629	857,023	470,697	937,008

Operating Surplus

For 2026, the Government plans to earn Operating Revenue of \$1,257.8 million, incur Operating Expenditures of \$1,225.1 million and Financing Expenses of \$21.5 million. This results in a forecast Core Government Surplus of \$11.1 million. This result of the Core Government, when added to the \$4.5 million forecast Operating Loss of Public Authorities, results in an overall Surplus of \$6.7 million for the Entire Public Sector.

For 2027, the Government plans to earn Operating Revenue of \$1,324.9 million, incur Operating Expenditures of \$1,256.4 million and Financing Expenses of \$30.7 million. This results in a forecast Core Government Surplus of \$37.7 million. This result of the Core Government, when added to the \$7.2 million forecast Operating Loss of Public Authorities, results in an overall Net Surplus of \$30.5 million for the Entire Public Sector.

Operating Revenue

The 2026 and 2027 revenue forecasts include new revenue measures totalling approximately \$172.4 million. The forecast revenue in 2026 of \$1,257.8 million consists of \$1,200.2 million in coercive revenue and \$45.7 million in sales of goods and services and \$11.5 million in other operating revenue. The forecast revenue in 2027 of \$1,324.9 million consists of \$1,265.7 million in coercive revenue and \$46.7 million in sales of goods and services and \$12.1 million in other operating revenue.

Operating Expenditure by Categories

Personnel Costs for 2026 and 2027 totals \$1,154.6 million and is made up of the following components:

- \$841.5 million for Civil Service Salary, wages and allowances;
- \$228.3 million for CINICO Health Insurance Premiums;
- \$75.9 million for Pensions; and
- \$8.9 million in other related personnel costs.

This cost includes planned recruitment activities for additional teachers, bolstering of public safety resources in the Royal Cayman Islands Police Service, Prison Department, Fire Department, Border Control, increased resources for the promotion and regulation of the financial services industry, and increase in health insurance premiums payable with respect to Civil Servants.

Supplies and Consumables and **Other Operating Expenses** include costs to support enhanced services and programmes.

Depreciation costs for the 2026 and 2027 financial years reflect the increase in the value of the Government's assets as a result of a number of newly completed and planned capital investments.

Outputs Costs from Statutory Authorities and Government Companies for 2026 and 2027 total \$452.9 million. This amount includes increases to CINICO for health insurance premiums with respect to health care costs for pensioners, seamen and veterans and increases to output funding for the Cayman Islands Monetary Authority.

Outputs from Non-Government Output Suppliers for 2026 and 2027 total \$145.1 million. This amount includes the free meal programme for all public schools; and tertiary health care expenses for medical indigents.

Transfer Payments for 2026 and 2027 total \$164.4 million. This amount includes scholarship funding; Sports and Cultural Tourism Programmes Assistance, and Financial Assistance.

Forecast Cash Position

The Core Government is forecast to have bank account balances totalling \$428.6 million as at 31 December 2026 and \$470.7 million as at 31 December 2027, all of which is expected to be classified as cash and cash equivalents.

Compliance with Principles of Responsible Financial Management

The 2026 and 2027 financial forecasts contained in this P&E document comply with all six (6) Principles of Responsible Financial Management and the Framework for Fiscal Responsibility (FFR) specified in the Public Management and Finance Act (2020 Revision) as summarised in Table 4 below.

TABLE 4

Compliance with Principles of Responsible Financial Management

Principle	Degree of Compliance	
	2026 Budget	2027 Budget
Core Government Operating Surplus : should be positive (Operating surplus = Core Government operating revenue – Core Government operating expenses)	Complies Surplus = \$11.1 million	Complies Surplus = \$37.7 million
Net Worth: should be positive (Net worth = Core government assets – Core Government liabilities)	Complies Net Worth = \$2.5 billion	Complies Net Worth = \$2.5 billion
Borrowing: Debt servicing cost for the year should be no more than 10% of Core Government revenue (Debt servicing = interest + other debt servicing expenses + principal repayments for Core Government debt, Public Authorities debt and self-financing loans)	Complies Debt Servicing = 6.5 %	Complies Debt Servicing = 7.4 %
Net Debt: should be no more than 80% of Core Government revenue (Net debt = outstanding balance of Core Government debt + outstanding balance of self-financing loan balance + weighted outstanding balance of Public Authorities guaranteed debt - Core Government liquid assets)	Complies Net Debt = 23.4 %	Complies Net Debt = 24.2 %
Cash Reserves should be no less than estimated executive expenses for 90 Days: (Cash reserves = Core Government cash and other liquid assets at lowest point)	Complies Cash Reserves = 91.6 days	Complies Cash Reserves = 96.3 days
Financial risks should be managed prudently so as to minimise risk	Complies Insurance cover exists for all government buildings, vehicles and major potential liabilities. Hurricane Preparedness Strategy in place.	Complies Insurance cover exists for all government buildings, vehicles and major potential liabilities. Hurricane Preparedness Strategy in place.

Core Government's revenues should be greater than its expenses: for 2026 and 2027, the Government's forecast revenue is \$1,257.8 million and \$1,324.9 million respectively. Forecast operating and financing expenses are \$1,246.6 million for 2026 and \$1,287.2 million for 2027.

Core Government's assets less its liabilities should be positive: at the end of the 2026 and 2027, the Government's assets are forecast to exceed its liabilities by approximately \$2.5 billion, at the end of both years.

Required interest and principal repayments of debts for the Entire Public Sector should be no greater than ten percent of Core Government's revenue for each financial year: the Government is forecasting a debt servicing ratio of 6.5% for 2026 and 7.4% for 2027.

The total debt of Core Government, plus the weighted-average debt balance of Public Authorities less Core Government's liquid assets, should be no more than 80% of Core Government's revenue for the financial year: for 2026, the Net Debt ratio is forecast to be 23.4% and 24.2% in 2027.

The unrestricted cash reserves of the Government (measured at the lowest point in a financial year) should be sufficient to cover 90 days of estimated operating expenditures: for 2026 the Government is forecast to have sufficient cash reserves to cover approximately 91.6 days of operating expenditures at the lowest point during the financial year and approximately 96.3 days for in 2027.

7. DEBT MANAGEMENT

Debt Management Policy

In accordance with Section 50 of the Financial Regulations (issued under the authority of the PMFA), Government is expected to calculate the portion of the guaranteed debt of SAGCs in its assessment of the Net Debt Ratio, under the Framework for Fiscal Responsibility. Guarantees issued by the Government in respect of the debt of SAGCs are reflected in the calculation of the Net Debt ratio, to assess PMFA compliance, at the following rates:

- a. SAGCs that require an unpredictable level of budgetary support from the Cabinet, are given an 80% weighting;
- b. SAGCs that are financially stable and require predictable levels of budgetary support are given a 50% weighting; and
- c. Where the SAGC has not required budgetary support during the last three years, a 20% weighting.

The Government Guaranteed Home Assistance Mortgage (GGHAM)

The GGHAM programme that is administered by the National Housing Development Trust was introduced on 9 November 2007 and, to date, has helped over 325 households achieve home ownership. The initial 5-year GGHAM agreement provided approval for \$5.0 million to each of the six participating banks. Due to the high demand for this programme, some participating banks reached the maximum lending amounts, which required that additional funding be put in place.

The GGHAM approved amount is \$65.0 million. The Government's contingent liability in respect of this programme is approximately \$2.3 million.

8. POST RETIREMENT BENEFITS

Post-Retirement Benefit Obligations

Past Service Pension Liability

The Government, through the Public Service Pensions Board (PSPB), operates both defined benefit and defined contribution pension schemes for Public Servants, Parliamentarians and the Judiciary. These Public Service Pension Plans have varying degrees of past service liabilities based on the contributions to the Pension Funds and the accrued length of service of the participants of the Pension Plans. The overall liability arising from the Pension Plans is recognised in Government's financial statements.

Presently, the PSPB is able to fund all of the monthly pension benefits from its existing resources, and with the regular receipt of monthly pension contributions from Core Government and other participating Public Sector Entities. This is expected to remain the position over the SPS Period.

Post-Retirement Healthcare Liability

The Government acknowledges its obligations for the future healthcare costs of Civil Servants (including their dependents). The Public Service Management Act requires Civil Servants to have a minimum of 10-years' qualifying service with the Core Government and also retire from the Civil Service in order to be entitled to a healthcare benefit upon retirement. The results of the actuarial healthcare valuation, completed in May 2025, estimated the post-retirement healthcare obligation as at 31 December 2024 to be \$2.3 billion. The post-retirement healthcare obligation and any related expenditure have not been recognised on the Statements of Financial Position and Performance for Core Government. The Government is operating on a "pay-as-you-go" plan with respect to post-retirement healthcare liabilities. Currently, no long-term assets are set aside in respect of the Government's post-retirement healthcare liability.

9. COMPLIANCE WITH 2026 AND 2027 STRATEGIC POLICY STATEMENT

As required by the Public Management and Finance Act (2020 Revision), this section compares the Government's projected performance, as outlined in this Plan and Estimates (including the financial forecasts presented in Section B), with the fiscal parameters established in the 2026 and 2027 Strategic Policy Statement (SPS) and the Principles of Responsible Financial Management set out in section 14 of the Act.

The comparison indicates that the budget and SPS forecasts are broadly aligned, with only marginal differences observed across key fiscal aggregates. These variances are primarily reflected in revenue projections, where updated economic data and additional stakeholder consultations conducted between 15 October and 31 October informed refinements to the initial SPS assumptions.

As a result of this consultative process, several revenue measures were adjusted upward, reflecting stronger-than-anticipated economic performance and enhanced compliance initiatives. Expenditure parameters remain consistent with the SPS, ensuring that Government's fiscal strategy continues to align with the principles of sound financial management, including sustainability, efficiency, and long-term fiscal discipline.

Overall, the revised forecasts confirm that the Government remains on track to meet its medium-term fiscal objectives while providing the necessary resources to deliver strategic priorities and maintain service delivery standards across the public sector.

10.LEGISLATIVE MEASURES FOR 2026 AND 2027

The Government intends to introduce a number of new legislative measures to Parliament during the 2026 and 2027 financial years. The major pieces of planned legislation are outlined below.

1. Strong Education and Immigration Systems that Support a Highly Skilled and Adaptable Caymanian Population

PLANNED LEGISLATION/POLICY REVIEW	PURPOSE
Update and amendments to the Disaster Preparedness and Hazard Management Act (2019 Rev)	Updating and amending outdated legislation following review to align with international best practice
Changes to the Immigration Transition Act (2022 Revision) and Regulations (Phase 1)	Changes to legislation to increase compliance, add administrative fines, decrease the negative, long-term impacts of marriages of convenience and streamline services/promote efficiencies. The Act's name will also be updated to the "Caymanian Protection Act".
Changes to the Immigration Transition Act (2022 Revision) and Regulations (Phase 2)	Updates to the Permanent Residency Points System; updating definitions to add clarity and promote compliance; updating to allow for refusal of immigration applications based on outstanding fees of various kinds; updating to include distinction between indigenous Caymanians and those granted Caymanian Status; updating to streamline Boards and function.
Proposed changes to the Labour Act (2021 Revision)	Changes to update definitions to be in line with international best practice; to require charitable organisations to adhere to the provisions of the Act; to require all employers to provide a Statement of Working Conditions to all employees; to make increases to minimum annual earned leave as well as maternity and adoptive leave entitlements; And other amendments to minimize the likelihood for employee exploitation.
Occupational Safety and Health (OSH) (Construction Industry) Regulations	Amendments to Regulations to include updates to the protocols for site inspections.
Proposed changes to the National Pensions Act (2024 Revision)	Changes to increase the maximum on pensionable earnings; amending the age of Pensions entitlement (following a study); refine requirements associated with who can serve as a Private Pensions Administrator; allow self-employed persons enrolment in a pension plan; compliance updates making it easier for DLP to access records; require additional submissions from employers to prevent exploitation and false information; give DLP more authority for access of information in an investigation.

1. Strong Education and Immigration Systems that Support a Highly Skilled and Adaptable Caymanian Population (Continued)

PLANNED LEGISLATION/POLICY REVIEW	PURPOSE
Education Act (2024) Education Regulations (2024)	Update legislation to bring in line with the Ministry’s strategic direction, while aligning to international best practices.
University College Act (2012)	Review and update the University College Act to modernize the governance structure and mandate of the University College of the Cayman Islands.

2. Sustainable Physical Development that Prioritises Affordable Housing, Ensures Resilient Infrastructure and Protects Nature

PLANNED LEGISLATION/POLICY REVIEW	PURPOSE
National Weather Service Act 2010	Updating and amending outdated legislation following review to align with international best practice
Adoption of the CIBC based on the 2021 ICC Family of Codes	To serve as a complete, comprehensive code regulating the construction and maintenance of buildings and related systems.
National Development Plan	In compliance with the Development Planning Act (2021) Revision Section 9, the formulation of a development plan necessitates a continued evolution of the Development Plan to facilitate economic development as a pillar of the economy.
Builders Act/Regulations amendment	The current legislation is limited to requiring entities to be registered as a building contractor. Including requirements for licensing trade professionals will ensure high standards of workmanship, enhance efficiencies, protect consumers and the public, promote a skilled workforce, reduce safety risks and improve public trust.
Building code regulations amendments	Amend regulations for the adoption of later editions of Codes and Standards to ensure the Cayman Islands continue to provide for buildings to be constructed efficiently, economically and, based on the most recent technologies and methods of construction.
Cayman Islands Submarine Cable Modernization Bill	To create legislation to empower the Cayman Islands Government to enter into an agreement with a commercial partner for the purposes of constructing and operating a submarine cable connection, to enhance the national resilience of critical ICT infrastructure of the islands.
Cayman Islands Public and Affordable Housing Policy and Strategic Plan	To implement the country's first housing policy to enhance accessibility and equity, ensuring that all individuals can access safe, stable, and affordable living spaces regardless of income.
Environmental Health Bill and Regulations	The purpose of the Environmental Health Act and Regulations is to safeguard public health by establishing standards, requirements, and enforcement measures to prevent and control environmental hazards that could adversely affect human health and well-being.
National Solid Waste Management Policy and Strategy	Overarching guiding policy outlines the vision, values, strategic directions and the objectives with regard to the future management of Solid Waste in the Cayman Islands.

2. Sustainable Physical Development that Prioritises Affordable Housing, Ensures Resilient Infrastructure and Protects Nature (Continued)

PLANNED LEGISLATION/POLICY REVIEW	PURPOSE
Public Health (Garbage and Refuse Disposal Regulations)	The purpose of the Public Health (Garbage and Refuse Disposal Regulations) is to protect community health and the environment by regulating the proper collection, storage, and disposal of garbage and refuse to prevent nuisances, pollution, and the spread of disease.
Gazettal of Protected Areas Order 2025	Formally designate Protected Areas
Drafting of National Conservation (Coastal Works) Regulations	Formalising processes and requirements for Coastal Works Applications
Amendments to National Conservation (Fees and Forms) Regulations	Increase Coastal Works Fees
Amendments to National Conservation (Marine Parks) Regulations	Amend Marine Parks Boundaries
Amendments to, or drafting of, new National Conservation Regulations for Fishing and take of marine species	Regulate take of marine species (fishing) by non-Caymanians
Amendments to Endangered Species (Trade and Transport) Act	Enable automatic updates of Schedule 1 in alignment with CITES Appendices
Resiliency Act	To create a Department of Energy
Climate Change Act	<ul style="list-style-type: none"> • Establish the role and powers of the Minister in relation to the CCP • Create and set out role and powers of a Climate Change Council • Formalise the role and key accountabilities of a Climate Change Unit/Secretariat to the Council • Establish role and responsibilities of significant partners and wider society • Establish a Climate Resiliency Fund for CPP implementation, noting revenue sources and governance arrangements • Recognise targets set in climate change and national energy policies

3. A Diversified, Resilient Economy that Supports Prosperity and Innovation

PLANNED LEGISLATION/POLICY REVIEW	PURPOSE
Animals Act (2024 Revision) and underlying Regulations	To revise and update the Animals Act (2024) and all underlying Regulations, that have not been substantively updated and modernized since 1998.
Veterinary Act (2025 Revision)	To revise and update the Veterinary Act (2025 Revision) that has not been substantively updated and modernized since 1997.
Pesticide Bill	To create legislation to regulate the import, storage, sale, use and disposal of pesticides in order to protect the health of the population and the environment from potential negative impacts related to the use, misuse and abuse of pesticides.
Agriculture Bill	To create legislation that will provide the regulatory framework to support the agricultural sector, assist farmers, protect against the potential impact of praedial larceny and provide a mechanism for post disaster relief.
Amend the Cayman Islands Port Authority Regulations (2025)	To authorize the Collection of Cargo Handling dues for Domestic Shipment of Vehicles to the Sister Islands, as well as to remove the licensing of boats, enable the enforcement of speeding, etc.
Airports Authority (Amendment and Validation) Act, 2025	To set a clear legal basis for the CIAA's powers to make, collect and enforce air navigation services (ANS) fees under regulations and any other legal technicalities in relation to the fees that can be collected by the CIAA.
Airports Authority (Air Navigation Services) (Fees) Regulations, 2025	To change the actual ANS fees that the CIAA can charge, i.e., the ability to increase the fees.
Amendments to the Non-Profit Organisations Act	To enhance the NPO supervisor's powers, promote operational effectiveness and transparency
Creation of a Directors' Disqualification framework	To enable the removal of directors from Cayman Companies, including those who are designated by UK sanctions.
Creation of framework for Foreign Legal entities' transparency	Alignment to FATF transparency requirements, including in respect of Beneficial Ownership related to Foreign Legal Persons
Amendments to various provisions of the Companies Act to bolster the Integrity of the Register	To ensure that the Registrar of Companies can effectively oversee the Registers and take proactive steps including those related to prevention and detection of illicit crime
Amendments to the Beneficial Ownership Transparency Act to enhance operational efficacy	Keep under review the BO Transparency framework to ensure high levels of effectiveness under the FATF standards
Amendments to various entity legislation to align requirements for Nominee transparency with FATF standards	To align with FATF standards related to the abuse of nominee shareholders and nominee directors

3. A Diversified, Resilient Economy that Supports Prosperity and Innovation (Continued)

PLANNED LEGISLATION/POLICY REVIEW	PURPOSE
Framework for Trust Transparency	Revision of the legislative framework for adherence and alignment with FATF recommendations with respect to the transparency of trusts and oversight of individual trustees.
Amendments to Beneficial Ownership Transparency (Legitimate Interest Access) Regulations	This is responsive to UK / FCDO requests in respect of fees.
Amendments to the Anti money laundering Regulations (AMLRS)	To fix gaps and align with evolving international requirements
To establish a standalone Asset Forfeiture Unit	To align and organize the asset management asset and forfeiture regime in respect of confiscated criminal assets.
Proposed amendments to various pieces of legislation - 5 th Round Preparedness	This will emanate from the National Risk Assessment exercise and Action Plan.
Amendments to legislation administered by CIMA to increase fees	Revenue measures 2026 budget
Establishment of new reinsurance and insurance licence categories	To amend the Insurance Act to introduce three new types of licenses, all relating to the reinsurance sector, namely, a new licensing category for specialist reinsurance brokers to better support reinsurance intermediaries and align with US standards; a class B(iv) licensing category aimed at larger commercial to better differentiate those entities from smaller commercial reinsurers; and a new managing general agents licensing category to strengthen the outsourcing arrangements of existing reinsurer licensees.
Access to financial Information	To amend entity legislation to provide for the submission of accounting records to the Registrar and to provide for monitoring, oversight and enforcement of the requirements.
Introduction of enduring powers of attorney	To provide the legislative framework for the introduction of statutory regime to allow for the creation of enduring powers of attorney so that individuals may appoint trusted persons to continue managing their affairs in the event that they lose mental capacity.
Establishment of Framework for registration of Indian foreign portfolio investment funds	To provide a framework under the Mutual Funds Act (2021 Revision) to allow mutual funds to be registered as Indian foreign portfolio investment mutual fund
Commencement of Legal Services Act and enactment of subsidiary legislation	To make the necessary Regulations to bring the remaining provisions of the partially commenced Legal Services Act, 2020 into effect, including those relating to fees, entry into the legal profession and the training and development of attorneys-at-law.

3. A Diversified, Resilient Economy that Supports Prosperity and Innovation (Continued)

PLANNED LEGISLATION/POLICY REVIEW	PURPOSE
Enhancement of Exempted limited partnerships regime (mergers and consolidations)	To develop the policy and legislative framework to clarify that the same statutory scheme for winding up applies to both companies and exempted limited partnerships and to include new sections to provide for mergers, consolidations and conversions.
Review of Companies Merger provisions	To amend merger provisions in section 238 and 239 of the Companies Act.
Amend Virtual Asset Service Providers Act Issuances and sandbox requirements	To amend the Virtual Asset Service Providers Act to allow for the commencement of the remaining provisions of the Act to allow for the introduction of a regime for the sale of newly created virtual assets, as well as a regulatory sandbox to facilitate the safe adoption of innovative technologies in financial services.
Amendments to Monetary Authority Act - management Committee	To remove the provision that stipulates the composition of CIMA's Management Committee (MC) and to allow the Board to determine the composition and quorum of the MC as it sees fit without prejudice to section 47 of the Monetary Authority Act, thereby aligning with CIMA's legislative functions under section 6(2)(d) of the Monetary Authority Act.
Amendments to the Monetary Authority (Administrative Fines) Regulations	To amend the Monetary Authority (Administrative Fines) Regulations to increase administrative fines to align the Cayman Islands regulatory environment with that of international standards and best practices.
Enhancement of Oversight of Funds adopting Blockchain technology (VASP Tokenisation)	To amend the Virtual Assets Service Providers Act, Mutual Funds Act and Private Funds Act to further introduce a regulatory regime for funds which have adopted a tokenized structure using blockchain or similar technology.
Introduction of framework for transfer by way of continuation to a foundation company	To permit transfer by way of continuation for non-Cayman foundations to the Islands and vice versa.
Introduction of companies cramdown provisions	To introduce a cross class cram down power for schemes of arrangement in the Cayman Islands
Companies (HKSE listing rules changes re treasury shares)	To amend Section 37(A) of the Companies Act to allow treasury shares to be held in the name of a nominee of an approved stock exchange clearing system in addition to the name of the company/issuer.
Enhancement of Companies legislative framework (Wave 3)	To make changes to update certain procedures including in relation to declarations, time certificates, pre-clearance certificates

3. A Diversified, Resilient Economy that Supports Prosperity and Innovation (Continued)

PLANNED LEGISLATION/POLICY REVIEW	PURPOSE
Strengthening Testamentary Freedom in Wills Act	To reinforce testamentary freedom over assets situated in the Islands by facilitating a testator's expressed declaration in the will, that the laws of the Cayman Islands will be the governing law of the will and that all of his personal estate will be devolved in accordance with the laws of the Islands, irrespective of his domicile. The underlying purpose is to give such individuals the flexibility to ensure that their interests in, for instance, Cayman Islands companies, partnerships, unit trusts and bank and investments accounts will devolve in accordance with their wishes.
Repeal of Auditors Oversight Act	To repeal the Auditors Oversight Act.
Amend Banks and Trust Companies Act	To amend the Banks and Trust Companies Act and the Banks and Trust Companies (Licence Applications and Fees) Regulations to revise the tiered fee structure and increase the licence fees for class A Banks
Amendment of tax information Authority legislation to provide TIA Registration numbers for entities	Amendment to the Tax Information Authority Act and Regulations to allow for a system of registration for entities required to comply with international tax compliance legislation.
Amendments to the Trade Marks Act and Regulations	Continuation of ongoing Trade Marks legislation reform project. This phase will increase access to intellectual property and imports from parallel markets.
Amendments to the Copyright Legislation	Continuation of Copyright legislation modernisation project. This phase will address issues related to orphan works, copyright depository libraries, and enhance the governance of performance rights.
Air Transport (Licensing of Air Services) (Amendment) Regulations	Modernisation of the legislative framework for the licensing of domestic air services in accordance with established standards.
Air Navigation (Fees) (Amendment) Regulations	Fees have not been increased in 15 years and therefore do not reflect current operational costs and value for money for the CAACI, which is recognised as a globally respected aviation regulator and a provider of world class aviation registry services.
The Merchant Shipping (Marine Pollution) (Amendment) Bill	Legislative modernisation to ensure compliance with international maritime obligations.
The Merchant Shipping (Registration of Ships) (Amendment) Regulations	Legislative modernisation to ensure compliance with international maritime obligations.
Passage of The Merchant Shipping (Marine Pollution) (Antifouling from Ships) Regulations	Legislative modernisation to ensure compliance with international maritime obligations.
The Merchant Shipping (Marine Casualty Reporting and Investigation) (Amendment) Regulations	Legislative modernisation to ensure compliance with international maritime obligations.

3. A Diversified, Resilient Economy that Supports Prosperity and Innovation (Continued)

PLANNED LEGISLATION/POLICY REVIEW	PURPOSE
The Merchant Shipping (Pleasure Yachts Carrying Passengers) (Amendment), Regulations	To support recommendations made in response to issues of commercial importance in the maritime sector.
The Trade and Business Licensing (Amendment) Bill	Implementation of policies and legislation to strengthen the competitiveness of local businesses and create an enabling environment for entrepreneurship.
The Trade and Business Licensing (Amendment) Regulations	Implementation of policies and legislation to strengthen the competitiveness of local businesses and create an enabling environment for entrepreneurship.
The Local Companies (Control) (Amendment) Bill	Implementation of policies and legislation to strengthen the competitiveness of local businesses and create an enabling environment for entrepreneurship.
The Local Companies (Control) (Amendment) Regulations	Implementation of policies and legislation to strengthen the competitiveness of local businesses and create an enabling environment for entrepreneurship.
The Special Economic Zone (Amendment) Bill	Implementation of policies and legislation to strengthen the competitiveness of local businesses and create an enabling environment for entrepreneurship.
The Special Economic Zone (Amendment) Regulations	Implementation of policies and legislation to strengthen the competitiveness of local businesses and create an enabling environment for entrepreneurship.
The Liquor Licensing (Amendment) Bill	Implementation of policies and legislation to strengthen the competitiveness of local businesses and create an enabling environment for entrepreneurship.
The Liquor Licensing (Amendment) Regulations	Implementation of policies and legislation to strengthen the competitiveness of local businesses and create an enabling environment for entrepreneurship.
The Music and Dancing (Control) (Amendment) Bill	Implementation of policies and legislation to strengthen the competitiveness of local businesses and create an enabling environment for entrepreneurship.
The Music and Dancing (Control) (Amendment) Regulations	Implementation of policies and legislation to strengthen the competitiveness of local businesses and create an enabling environment for entrepreneurship.

4. Healthy and Empowered People with an Improved Quality of Life for All Ages

PLANNED LEGISLATION/POLICY REVIEW	PURPOSE
Health Practice Act	To review and update the Health Practice Act and Regulations and make amendments to address regulatory and ethical gaps that currently exist.
Human Tissue Transplant Act	The purpose of the Human Tissue Transplant Act is to allow for human organ and tissue donation and transplants to be performed in the Cayman Islands. The proposed amendments to the Act and Regulations will allow for increased penalties under clause 15 of the Regulations. Under the Act, it is proposed to increase fines to bring them in line with the maximum penalty that may be imposed under the Regulations and create a safer environment for transplants that involves no reward for donation.
Public Health Act	To review and update the Public Health Act and its Subsidiary Regulations to reflect current best practice and terminology and work towards the development of the Public Health Department under the Ministry.
Tobacco Act	To review and update the Tobacco Act and its Subsidiary Regulations to reflect current best practice and terminology and regulate vapes which are currently unregulated and impacting our children and young people.
Pharmacy Act	To review and update the Pharmacy Act that regulates pharmacy, medicinal products and poisons. To allow pharmacists to stay abreast of changes to ensure safe and legal practice; to protect the public through licensure, regulation and information; to ensure cheaper more cost-effective medicines through the use of generic brands, to bring the Cayman Islands Pharmacists into the 21st century practice of pharmacy; to protect and promote the health of all residents and provide a healthier future for the people of the Cayman Islands
Health Insurance Act	To review and update the Health Insurance Act to consider inclusion of Mental Health coverage for outpatients, Indigents medical coverage and coverage for retirees.
Health Services Authority Act	Amendments to all the Foundation to provide funds to public and private sectors.
Health Practice Act	To review and update the Health Practice Act and Regulations and make amendments to address regulatory and ethical gaps that currently exist.
Disabilities Act (Solomon Webster) Act, 2016	Revise the act in order to ensure full and effective participation in all aspects of society for persons with a disability and to provide safeguards against abuse and neglect of persons with a disability.

4. Healthy and Empowered People with an Improved Quality of Life for All Ages

PLANNED LEGISLATION/POLICY REVIEW	PURPOSE
Children (Amendment) Act, 2024	The Children (Amendment) Act 2024 was passed in Parliament in December 2024. Regulation development is underway and commencement is expected during the 2026-2027 period. Amongst other things, the Act was revised in order to improve international standards for child protection and child safeguarding, establish an Office of a Commissioner for children and young persons, streamline the legislative framework for child maintenance and regulate inspection and registration processes for children residential homes.
Adoption Act, 2024	The Adoption Act, 2024 was passed in Parliament in December 2024. Regulation development is underway and commencement is expected during the 2026-2027 period. The Act was repealed and replaced in order to improve the standard of adoptions, streamline processes for adoptions and provide a legal framework to ratify to the HCCH 1993 Hague Convention on Intercountry Adoptions.
Status of Children Act, 2003	Revise the Act in order to streamline the legislative framework and standards for parentage testing and the consequential repeal of the Affiliation Act (1995 Revision)
Maintenance (Amendment) Act, 2024	Commencement of the Maintenance (Amendment) Act, 2024 is expected during the 2026-2027 period. Which was passed in Parliament in December 2024 as a part of the Children legislative reform.
Older Persons (Amendment) Act, 2024	The Older Persons (Amendment) Act 2024 was passed in Parliament in December 2024. Development of the supplementary Regulations are underway and commencement is expected during the 2026-2027 period. When the Act is commenced, there will be a framework for developing an age-friendly Cayman Islands, as well as adequate safeguards for older persons who are experiencing abuse and neglect.
Youth Justice Act (2021 Revision)	(This does not have Cabinet Approval as of yet). However, the intention is to revise the Youth Justice Act (2021 Revision), which was first enacted in 1995 (and has not had substantive amendments in 21 years), in order to review the approach for young offenders, including if preventative approaches can be integrated into legislative to reduce reoffending and costs to Government.
Domestic Violence Act (2021 Revision)	Revise this Act in order to enhance the safeguards for someone experiencing domestic abuse and to hold perpetrators accountable. This Act was originally enacted in 2010 and was only updated in 2021 for civil partnership. It is outdated and does not adequately safeguard against the various types of domestic abuse experienced by people in the Cayman Islands.

5. A Cohesive Society which Protects and Institutionalises Caymanian Identity and Culture

PLANNED LEGISLATION/POLICY REVIEW	PURPOSE
Museum Act	Update the outdated legislation (1999) to reflect the operational, strategic and programming needs of the organizations they serve.
National Gallery Act	Update the outdated legislation (1999) to reflect the operational, strategic and programming needs of the organizations they serve.

6. Efficient, Effective, Accountable and People-Centred Public Services

PLANNED LEGISLATION/POLICY REVIEW	PURPOSE
Traffic (Penalties) Regulations, 2025	Introduction of Demerit Points for certain offences, and to include speeding offences.
Amendments to the Traffic Regulations (2021 Revision)	General amendments, to include, but not limited to the review of traffic fees increase.
Amendments to the Road code- The Traffic Control Regulations, 2012	Road code amendments
Amendments to The Traffic Act (2023 Revision)	Duty of health care professionals as it relates to sections 31 – 34 for “Relevant Disability.
Amendments to The Traffic Act (2023 Revision)	A new round of amendments to revise the Traffic Act where required and create legislation for the introduction of vehicle safety standards. New amendments will also be needed following adoption of business case on modernizing Public Transport.
Public Transport Regulations	Following adoption of the Public Transport Act 2024, these changes will revise outdated Public Passenger Vehicle Regulations and create an administrative penalties scheme, allowing the Public Transport Unit to fine Public Transport operators and drivers.
Amend Public Transport Appeals Tribunal Regulations	To update the Public Transport Appeals Tribunal Regulations for efficiency purposes.
Amendments to the Roads Act (2005 Revision)	To develop and introduce necessary regulations.
National Roads Authority Act (2024 Revision)	To develop and introduce necessary regulations.
Personnel (Amendment) Regulations, 2025	This will amend/streamline/modernise the Civil Service’s disciplinary processes. Presently, the amendments are due to take effect on 1 January 2026.
The Public Library Act (1998)	Review and update the Libraries Act to reflect the modern role of library services across the Cayman Islands.

7. A Secure, Well-Governed Country Demonstrated by Transparent Governance and Robust Public Safety Systems

PLANNED LEGISLATION/POLICY REVIEW	PURPOSE
Public Management and Finance Act	Proposed amendments for consideration include measures to: modernise the budgeting and reporting framework (shifting to outcome-based budgeting), possibility adopt new accounting standards, possibly raise the project threshold value for independent reviews for Public Private Partnerships, possibly adjust the debt-related ratios, and possibly streamline financial management by eliminating the distinction between executive and entity transactions
Education Act (2024) Education Regulations (2024)	Update legislation to bring in line with the Ministry's strategic direction, while aligning to international best practices.
University College Act (2012)	Review and update the University College Act to modernize the governance structure and mandate of the University College of the Cayman Islands.
The Public Library Act (1998)	Review and update the Libraries Act to reflect the modern role of library services across the Cayman Islands.
Sunrise Act	To develop and establish a statutory framework for the offerings by the Sunrise Adult Training Centre.
Police Regulations	The good order and government of the Police Service and for carrying into effect any of the purposes or provisions of the Police Act.
Police (Welfare Fund) Regulations	Control, administration and application of the Welfare Fund and the appointment, composition, tenure, powers and duties of the Police Welfare Committee, with a view to ensuring good governance, control, transparency and accountability.
Police (Disciplinary) Regulations	Discipline and disciplinary procedures.
Coast Guard (Disciplinary) Regulations	Discipline and disciplinary procedures to ensure preservation of good order and discipline.
Coast Guard (Personnel, Management and Governance) Regulations	Procedures relative to staff recruitment, selection, promotion, and remuneration
Coast Guard (Domestic Vessel Safety and Operator Proficiency Standards) Regulations	Establishes minimum safety standards and equipment that vessels must meet when used within territorial waters. Establishes basic vessel operator proficiency standards for various classes/sizes of vessels.
Coast Guard (Private and Commercial Vessel Operating Standards) Regulations	Establishes safety standards for vessels operating within territorial waters. Allows for creation of speed limits, offences for operating vessels while under the influence of drugs/alcohol or other sensory impeding substances.

7. A Secure, Well-Governed Country Demonstrated by Transparent Governance and Robust Public Safety Systems (Continued)

PLANNED LEGISLATION/POLICY REVIEW	PURPOSE
Cyber Security Act	As Cyber crime is becoming more prevalent, this Act will explore basic cyber protection requirements for businesses based on size, remit or data sensitivity.
Prison Service Act and Regulations	Enactment of new legislation that enables the Prison Service to deliver a balance of modern intelligence-led security strategies and rehabilitation-focused joint offender management practices, while further professionalizing custodial services through a clear statutory framework that strengthens accountability.
Customs and Border Control Act and Regulations	Amendments to provide for modern border intelligence capabilities that support advanced risk management and strengthen national security. New provisions will improve cross-border information exchange to address money laundering and terrorist financing, and establish a framework for the collection, analysis, and exchange of biometric data to securely manage passenger flows at all ports of entry, while enhancing border crime investigations and enforcement operations.
Probation Service Act and Regulations	Enactment of new legislation to comprehensively establish a Probation Service for the Cayman Islands, setting out a modern policy remit for public safety, legal mandate for officers, and operational structure, duties, and powers for delivery of court-ordered risk assessments, offender management, rehabilitation programming, and compliance services.
Victim Rights Act and Regulations	Enactment of new legislation to strengthen the rights and protections afforded to victims of crime by ensuring that they are treated with dignity, fairness, and respect throughout the justice process.
Fire Brigade Act and Regulations	Amendments to enhance operational firefighting and rescue capacity, ensuring the framework remains responsive to evolving community needs and reflects industry best practices. Amendments will strengthen the ability of the Fire Service to maintain high standards of safety, prevention, and resilience across all three Islands.
Cadet Corps Act and Regulations	Updated legislative provisions to enhance administrative and operational efficiencies, ensuring the organisation evolves to effectively deliver on its training, strategic development, and safeguarding responsibilities.

11. ECONOMIC OVERVIEW – CAYMAN ISLANDS ECONOMY

Introduction

This section presents a review of the domestic and global economic performance in 2024 and updated macroeconomic forecasts for 2025 to 2028, along with their major underlying assumptions.

Global Economic Performance and Forecasts¹ 2024 - 2028

Global output expanded by 3.3 percent in 2024, propelled by higher global demand, slightly above the 3.1 percent forecast at the beginning of the year. This higher global demand was largely attributed to a resilient performance by the United States (U.S.) economy and several emerging market and developing economies. Notably, rising demand for artificial intelligence technologies prompted substantial investments in both the U.S. and some emerging market economies. Despite the higher-than-expected performance, global growth remained below the 3.7 percent 10-year average preceding the pandemic.

Global growth of 3.3% beats forecast, fuelled by U.S. consumer demand and AI investments

In 2024, advanced economies experienced modest economic growth, with overall output rising by 1.8 percent, matching the pace set in 2023. This steady performance reflected a balance between persistent inflationary pressures and robust consumer demand. The U.S. economy stood out among its peers, demonstrating growth of 2.8 percent for the year. The performance of the U.S. economy was based on the combination of a strong labour market, solid household spending, and a surge in investment linked to artificial intelligence technologies. Growth in the U.S. is expected to decelerate to 1.9 percent in 2025, with an average increase of 2.0 percent between 2026 and 2028. Global economic activity is projected to slow to 3.0 percent in 2025 before accelerating to 3.1 percent in 2026. Over the medium term, global economic growth is expected to average 3.2 percent annually.

International Developments and Risks

The projection for global growth over the medium term is framed by mounting risks stemming from rising protectionism, fragile supply chains, and persistent geopolitical tensions. These shifting policies have the potential to stoke inflationary pressures and suppress global demand. The resurgence of tariff measures, particularly among large economies, has compelled small, trade-dependent economies such as the Cayman Islands to ignite public discussion to reconsider trade partners and routes.

Conflicts in strategic regions, such as Eastern Europe, the Middle East, and parts of Asia, could also disrupt energy flows, reroute trade, and trigger financial market volatility. At the same time, supply chain vulnerabilities, exposed during the pandemic and exacerbated by climate and weather-related disruptions, continue to challenge service continuity and cost stability. The International Monetary Fund (IMF) in its July 2025 update noted that the global uncertainty index has remained elevated since spiking at the beginning of the year, and this has the potential to weigh more heavily on economic activity. Furthermore, the implementation of additional tariff measures by the U.S. in August 2025 has added to global uncertainties and increased the potential for inflationary pressures.

Economic outlook clouded by geopolitical tensions and supply chain fragility

¹ This assessment is based generally on the World Economic Outlook, International Monetary Fund (IMF), April and July 2025 update.

* The GDP growth and current account balance for 2024 are preliminary estimates based on actual indicators.

Sources: IMF World Economic Outlook (April 2025) for the United States and other global data; and the Cayman Islands Government, Economic and Statistics Office for the Cayman Islands data.

Cayman’s imports rose by 8.3 percent to reach \$1.7 billion in 2024 and increased further in the first half of 2025. This underscores the Islands’ deepening reliance on foreign goods, including refined petroleum. This growing dependency exposes the economy to sustained inflationary risks, particularly from volatile global commodity prices, as uncertainties persist. As an island nation with limited domestic production, fluctuations in crude oil prices have a direct and compounding effect on transportation, electricity, and consumer goods, driving inflation across multiple sectors. The situation is further complicated by Cayman’s trade ties with major economies like the U.S. and China, albeit more indirect, where escalating geopolitical tensions threaten supply chain stability. Moreover, with the U.S. Federal Reserve expected to loosen monetary policy in the near term, the downward pressure on inflation may weaken; nonetheless, some imported price shocks and eroding purchasing power are expected.

The Cayman Islands’ Economic Performance in 2024

GDP Growth: Gross Domestic Product (GDP) is estimated to have expanded by 3.1 percent in 2024, based on economic indicators for the year. The growth in the economy was broad-based, though financial services and construction emerged as the main drivers, supported by sustained domestic demand across auxiliary industries. The services sector, which accounted for 89.1 percent of total GDP, grew by 2.9 percent. The expansion in services was led by a 2.9 percent rise in financing and insurance services, which benefitted from increased global demand and Cayman’s rising share in the international insurance market. Business and administrative services expanded by 3.1 percent, while continued investment in large-scale

Economic growth of 3.1% driven by financial services, construction and resilient domestic demand

² ESO forecasts are updated Quarterly as new information from external sources becomes available.

developments and elevated market activity drove construction and real estate activities to grow by 3.0 percent and 2.9 percent, respectively.

The wholesale and retail trade sector grew by 3.7 percent, driven by sustained domestic demand. This potentially reflects rising consumer confidence and purchasing power, likely fuelled by higher employment levels and increased disposable income. Meanwhile, the electricity and water sector expanded by 3.6 percent, supported by a warmer climate, growing tourism activity, and population growth. This expansion also points to infrastructure resilience and continued investment in capacity to meet rising demand. The hotels and restaurants sector recorded a 2.0 percent increase, indicating a moderation in the pace of growth in stay-over arrivals and lacklustre performance of the cruise tourism sector. To support and sustain growth across the broader economy, government services expanded by 2.5 percent, while health services rose by 3.0 percent. The increases highlight these sectors' critical role in promoting population wellbeing and economic stability.

Human Development Indicators: The Human Development Index (HDI) for the Cayman Islands rose to 0.897 in 2023, up from 0.877 in 2022. This places the Islands among the top 40 countries reported by the United Nations and marks the highest HDI recorded in the region. The Cayman Islands have consistently ranked in the upper tier of global human development, outperforming many advanced economies and underscoring the nation's high standard of living. This upward trend reflects the success of long-term investments in education, healthcare, and economic opportunities, which are key pillars of sustainable development. It also signals the effectiveness of policy frameworks aimed at enhancing social welfare and inclusive growth.

Cayman retains a high Human Development Index, while Quality of Life continues to improve

Similarly, the quality-of-life (QoL) score for Cayman showed a marginal improvement in the Fall 2024 survey compared to the Spring 2024 survey. Overall, the score remains relatively high, with most sub-components reflecting an index above 80. This suggests a stable and maturing economy where citizens continue to enjoy strong social and economic conditions. Notably, the lowest-ranked components of the quality-of-life index were "Employment & Job Quality" and "Natural & Living Environment," which were the only categories to record sub-index scores below 80. These results highlight areas for targeted improvement, particularly as the Islands seek to balance economic expansion with environmental sustainability and labour market inclusivity. Addressing these gaps could unlock further gains in both HDI and quality-of-life metrics, reinforcing Cayman's global reputation as a premier destination for living, working, and investing.

Inflation: The average Consumer Price Index (CPI) rose by 2.6 percent in 2024, marking a moderation from the 3.8 percent recorded in 2023. This deceleration in inflation occurred within the broader context of a global slowdown, reflecting the lagged effects of synchronised monetary tightening across advanced economies and a reduced pace of growth in international commodity prices. Despite the overall easing in inflationary pressures, three divisions experienced an accelerated pace of price growth during the year. Notably, the education index rose by 10.4 percent, communication by 9.8 percent, and health by 3.2 percent. These increases suggest persistent cost pressures, possibly driven by structural factors such as rising input costs, technological upgrades, and demographic shifts in demand.

Employment: The expansion of the local economy in 2024, particularly in the labour-intensive tourism sector, contributed to a rise in labour demand. According to the Fall 2024 Labour Force Survey, total employment increased by 1.2 percent to reach 59,393. This employment growth outpaced a 0.5 percent increase in the labour force, resulting in a decline in the overall unemployment rate to 2.4 percent. Notably, the unemployment rate among Caymanians fell to 4.6 percent, down from 5.0 percent in the previous year. The improved labour market dynamics reflect not only stronger economic activity but also some targeted policy interventions. Government efforts to enhance efficiency in the work permit system and improve broader labour market operations may have helped reduce frictional unemployment, minimising the period of displacement for Caymanians and improving job-matching outcomes.

Current Account of the Balance of Payments³: Increased domestic activity and a growing population spurred a rise in merchandise imports during 2024. The increase in imports outpaced gains in export-oriented services such as financial and accommodation services. It resulted in the current account deficit of the Balance of Payments widening for the year. Total merchandise imports rose by 8.3 percent to \$1,654.0 million, reflecting heightened demand for consumer goods, construction materials, and energy inputs. This surge in imports underscores the economy's expansionary momentum but also signals increased external dependency. The Islands' current account deficit is projected at \$755.9 million, equivalent to 11.8 percent of GDP for 2024. While this level of deficit is not uncommon for small, open economies with high import penetration, it highlights the importance of maintaining competitiveness in Cayman's services exports and managing external vulnerabilities. Further, it underscores the importance of financial services and tourism-related income to balance the Islands' trade and sustain macroeconomic stability.

Economic Forecasts and Assumptions for 2025 to 2028

GDP Growth: Firm demand for the export of Cayman's services is expected to support economic expansion over the near term. The domestic economy is projected to grow by 2.6 percent in 2025, before moderating to 2.2 percent in 2026. Growth is expected to rebound slightly to 2.5 percent in 2027 and ease again to 2.2 percent in 2028, reflecting a stable but measured expansion trajectory.

Despite deepening global uncertainties and risks associated with shifting tariff regimes, consumer demand remained resilient in 2024. This buoyancy translated into broad-based gains across Cayman's financial services sector, alongside an uptick in stay-over arrivals. This momentum continued into 2025, with the first half of the year recording a 1.7 percent increase in insurance licenses and a 2.6 percent rise in total fund registrations. Additionally, new company registrations grew by 6.3 percent, while new partnership registrations increased by 24.7 percent. These gains underscore the sector's dynamism and global appeal. The financial services sector is expected to maintain its robust performance over the medium term, supported by stable international demand, which historically strengthens during periods of global uncertainty. Government efforts to enhance regulatory compliance, particularly to ensure a favourable Financial Action Task Force (FATF) review, are also likely to reinforce investor confidence and sustain growth in the sector.

Steady growth expected over the medium term, driven by services, and infrastructure investment

³ The current account of the balance of payments measures the total value of the Islands' transactions against the rest of the world in terms of trade in goods and services, income and transfers. A deficit in the current account means that the Cayman Islands made more payments to the rest of the world compared to its receipts from these transactions.

Moreover, with the U.S. Federal Reserve poised to ease monetary policy in the final quarter of the year, the local banking system could benefit from increased demand for credit, further stimulating financial services activity. Given these assumptions, the finance and insurance services sector is projected to expand by 3.1 percent in 2025, followed by a deceleration to 2.2 percent in 2026. Over the medium term, growth in the industry is expected to average 2.1 percent annually. Business services, including legal and accounting activities, are forecast to grow by 2.7 percent in 2025 and maintain an average annual growth rate of 2.5 percent between 2026 and 2028.

According to the World Tourism Organisation, an estimated 1.4 billion international tourists travelled globally in 2024, an increase of approximately 11.0 percent compared to the previous year. This surge in global travel demand supported continued expansion in Cayman’s stay-over tourism throughout 2024 and into 2025. For the first half of 2025, stay-over arrivals rose by 3.4 percent, reaching 92 percent of pre-pandemic levels recorded for the same period in 2019. This strong demand is expected to persist through the remainder of the year, fuelling further growth in the restaurants and accommodations sector. The sector is projected to expand by 3.3 percent in 2025, followed by average annual growth of 4.0 percent between 2026 and 2028. Robust demand for accommodation services is also anticipated to support moderate growth in the transportation sector. However, slower growth in cruise arrivals and domestic trade is expected to temper growth in transport. The transportation sector is projected to grow by 2.1 percent in 2025, with a similar average growth through to 2028.

The sustained demand for Cayman’s services is expected to generate positive spill-over effects in several auxiliary sectors. The wholesale and retail trade sector is forecast to grow by 2.4 percent in 2025, maintaining a similar pace between 2026 and 2028. The utility sector (electricity and water supply) is projected to expand by 3.1 percent in 2025, driven by rising residential and commercial consumption. Over the medium term, growth in this sector is expected to average 2.2 percent annually. To support the broader expansion, government services are forecast to grow by 2.7 percent in 2025 and average 2.3 percent per year between 2026 and 2028.

Note: Data for 2024 is preliminary; 2025-28 are forecasts

Source: Economics and Statistics Office

Despite the projected strength in external demand, elevated interest rates throughout the first half of 2025 and a gradual rise in the cost of living are expected to dampen domestic consumption. Demand for construction services is projected to slow over the medium term as several large-scale projects are completed, and high borrowing costs constrain residential investment. Nonetheless, the sector is expected to benefit from a pipeline of hotel and commercial developments, as well as public infrastructure initiatives. Based on these assumptions, the construction sector is projected to expand by 4.0 percent in 2025, followed by average growth of 2.2 percent annually between 2026 and 2028. Real estate activity is also expected to moderate in the near term due to persistent high interest rates and elevated mortgage costs. However, a potential decline in interest rates in the final quarter of the year could provide a modest boost to the sector. Additionally, continued population growth and expansion in key sectors are expected to support stable demand in the rental market. The real estate sector is projected to grow by 1.8 percent in 2025 and average 1.9 percent annually between 2026 and 2028.

Human Development Indicators: The government's commitment to complete the new high school in Cayman Brac and continued investment in existing school facilities should sustain the high educational standard explicit in the HDI. The government's drive to improve gender equality through the revision of the Gender Equality Act, 2011 and the review of the anti-sexual harassment bill will also reduce the level of gender inequality in the community. Additionally, the government's key priorities to increase affordable housing, improve public transportation and lower the cost of living are expected to reduce social inequality and further raise the living standards in the Islands.

The adaptation of key priority policies will advance the HDI of the Cayman Islands

Inflation rate: For the first six months of 2025, the World Bank's energy price index declined by 9.9 percent compared to the same period in 2024, driven mainly by a 14.6 percent drop in crude oil prices. Similarly, the food price index fell by 5.5 percent over the same period. These reductions are expected to exert downward pressure on inflation in the near term. Looking ahead, the IMF projects that crude oil prices will contract by 15.5 percent in 2025 and decline further by an average of 1.6 percent annually between 2026 and 2028. The international food price index is also forecast to contract by an average of 0.6 percent per year over the forecast window. These trends suggest a continued easing in imported price pressures over the near to medium term.

Economic Forecast Assumptions

The strategic policy statement 2026-2028 includes economic forecasts which consider the probabilities of future economic variables, offering a broader view of uncertainty than single-point forecasts by generating a range of potential outcomes. This approach improves economic decision-making, risk assessment, and resource allocation by estimating likelihoods.

For short-term forecasts, there is high confidence that forecast values will materialise. However, certainty decreases as the horizon lengthens. Longer-term forecasts are more susceptible to unforeseen economic changes, making them less precise than short-term predictions.

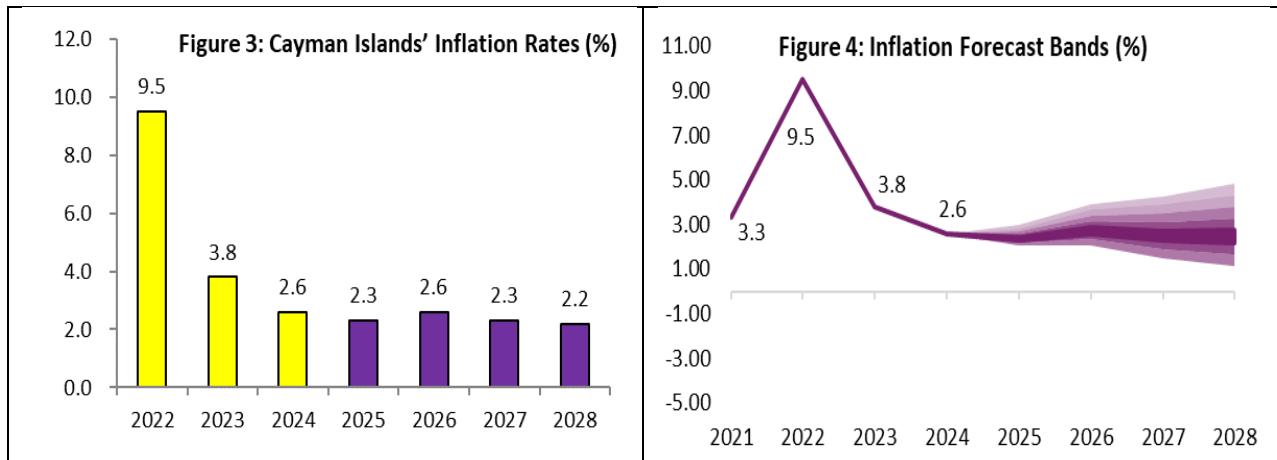

The gross domestic product, inflation, unemployment rate, and current account of the balance of payment include a depiction of the expected forecast band from 2025 to 2028, incorporating unforeseen upside and downside uncertainties as displayed in figures 2, 4, 6 and 8.

Worst-case scenarios: Higher upside risk is anticipated for inflation, ranging from an additional 0.7% to 3.3% over the period. Real gross domestic product growth rate downside uncertainty, that is, lower growth, ranges from 0.2% to 1.2% over the period. The unemployment rate upside risk ranges from a higher rate of 0.2% to 1.1%. The current account of the balance of payment downside risk can worsen from 0.5% to 3.0% over the forecast period.

Additionally, the delayed residual effects of tight monetary policy, maintained by the U.S. Federal Reserve until the third quarter of 2025, are expected to strengthen disinflationary forces. However, upward pressures may arise from higher tariffs on US imports, as most of

Global price declines ease inflationary pressures, but tariffs and trade tensions pose upside risks

Cayman’s imports are sourced through the U.S. Furthermore, with the U.S. Federal Reserve expected to shift its stance and lower its policy rate in the final quarter of the year, inflation expectations might begin to increase. Considering these dynamics, inflation in the Cayman Islands is projected at 2.3 percent in 2025. The full effect of tariff measures is anticipated to materialise in 2026, causing a slight rise in inflation to 2.6 percent. Over the medium term, the inflation rate is forecasted to average 2.3 percent annually between 2027 and 2028. Notably, the risks to the inflation outlook remain skewed to the higher side, as the Islands navigate the tail end of the hurricane season amid ongoing geopolitical and trade tensions.

Note: Figures for 2025-28 are forecasts
 Source: Economics and Statistics Office

Employment: Labour demand is expected to closely track the projected path of GDP growth, with new employment opportunities emerging particularly from expansion in the accommodation sector and auxiliary industries. Over the near term, increased activity in tourism-related services is anticipated to drive job creation, reinforcing the economy’s service-oriented growth trajectory.

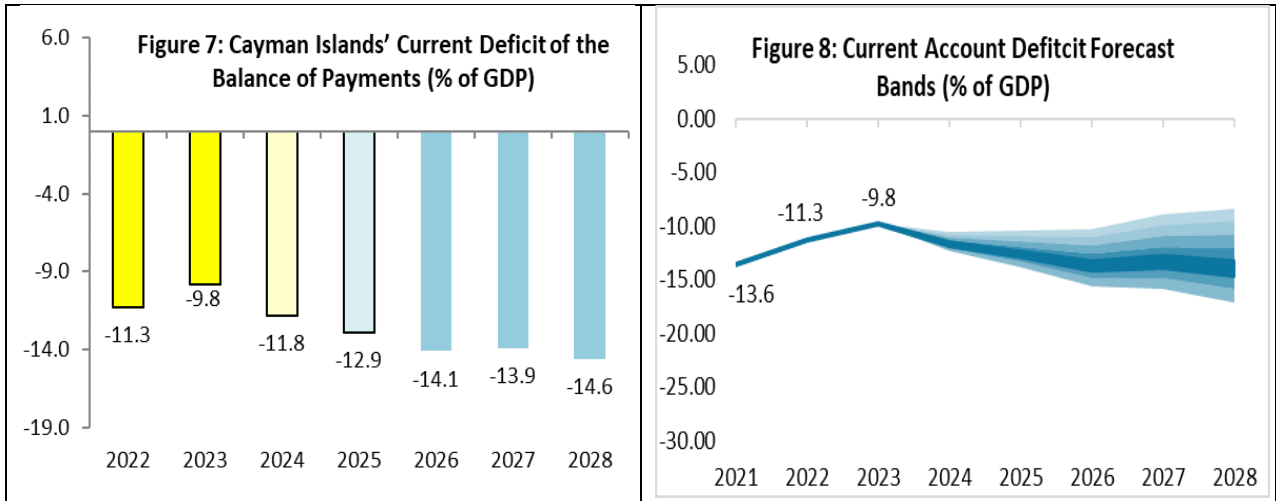

Note: Figures for 2025-28 are forecasts
Source: Economics and Statistics Office

The tightening labour market, evidenced by rising employment levels and falling unemployment rates, signals healthy demand across key sectors. As the economy continues to expand, maintaining labour market flexibility and investing in workforce development will be essential to sustaining inclusive growth. The Government’s policy aimed at prioritising Caymanian youth through targeted training and mentorship programmes is expected to enhance access to employment and reduce unemployment among local workers. Initiatives to increase Caymanian participation in the hospitality sector should further support employment gains.

Consequently, the unemployment rate is forecast to decline to 2.8 percent in 2025. Over the medium term, the rate is expected to fluctuate around this level, reflecting its proximity to the estimated natural rate of unemployment and the economy’s continued absorption of available labour.

Current account of the balance of payments (BOP): The current account deficit is forecast to widen over the medium term, as consumer imports continue at a strong pace and the hotel and restaurant sector transitions into a phase of steadier, slower growth. This deterioration in the BOP current account is primarily driven by increased merchandise imports and higher net payments on the income account. However, these pressures are expected to be partially offset by rising receipts from accommodation and financial services, two sectors that continue to anchor Cayman’s external earnings. Additionally, it is assumed that new tourism-related developments will begin generating revenue over the medium term, further supporting current account inflows.

The sustained growth in financial services and tourism-related income remains critical to mitigating trade imbalances and preserving macroeconomic stability; therefore, continued competitiveness in these export-oriented sectors will be essential to cushioning the impact of elevated import demand and maintaining a stable external balance. The current account deficit is projected to reach 12.9 percent of GDP in 2025 and average 14.2 percent between 2026 and 2028.

Note: Data for 2024 is a preliminary estimate; figures for 2025-28 are forecasts

12. OUTPUT GROUPS FOR 2026 AND 2027

The Cabinet intends to purchase a number of outputs in the 2026 and 2027 financial years. Some of these are necessary purely for the Government to function on a day-to-day basis. However, the majority are designed to positively contribute to the Government's Specific Outcome goals.

Outputs will be purchased from three sources:

1. Ministries, Portfolios and Offices;
2. Statutory Authorities and Government Companies (Public Authorities); and
3. Non-Governmental Output Suppliers.

The Output groups to be purchased are summarised in this section of the P&E.

Details of the Specific Outputs within each group to be delivered by Ministries, Portfolios and Offices are specified in the Budget Statement of the relevant Ministry, Portfolio or Office.

Details of the Specific Outputs within each group to be delivered by Statutory Authorities and Government Companies, and Non-Governmental Output Suppliers can be found in the Purchase Agreement of the relevant organisation.

13. OUTPUT GROUPS TO BE PURCHASED BY THE PREMIER

OUTPUT SUPPLIER: CABINET OFFICE

CBO 22	Services Provided by the London Office		
<p>DESCRIPTION</p> <p>The Cayman Islands Government Office in the United Kingdom (CIGO-UK) represents the interests of the Cayman Islands Government (CIG) in the United Kingdom. It serves as a vital link between the Cayman Islands and key stakeholders, including the UK Government, Parliament, international organisations, and the Caymanian community in the UK—particularly students. CIGO-UK has the following focus areas:</p> <ul style="list-style-type: none"> • Provide consular services and act as the primary point of contact for Caymanians—particularly students—and other key stakeholders in the UK. • Cultivate strategic alliances and foster relationships within the United Kingdom and across the 56 nations of the Commonwealth. • Coordinate and support events that celebrate and promote the Cayman Islands in the UK, while fostering a sense of community and fellowship among Caymanians overseas. • Enhance economic, social, cultural, and political understanding of the Cayman Islands to strengthen and deepen the country’s ties with the United Kingdom across all sectors. • Provide policy guidance and strategic support to government entities of the Cayman Islands. 			
MEASURES	2026 1 Jan to 31 Dec 2026	2027 1 Jan to 31 Dec 2027	2025 12-Month Forecast

NGS 96	Extended After-School Programme		
<p>DESCRIPTION</p> <p>The provision of an Extended After School Programme (EASP) delivered by the YMCA of the Cayman Islands that consists of high-quality, structured and supervised learning activities for school-age children, specifically those students identified as 'at-risk' or otherwise vulnerable, after-school, between the hours of 3 pm and 6 pm for primary students and 3 pm and 5:30 pm for high school students that aims to:</p> <ul style="list-style-type: none"> • Promote educational, social, emotional, recreational, and cultural learning and development • Identify and support the needs and interests of the students • Establish and support homework completion through homework centres • Provide opportunities for 'at-risk' or otherwise vulnerable students to collaborate and work in clubs and teams • Make effective links with the school and community • Encourage parental participation in the education of their children • Offer employment for Caymanians <p>The EASP will be offered on Grand Cayman in eight (8) primary schools, 5 days per week, and two (2) high schools, 3 days per week. In Cayman Brac (1), the site at the high school can accommodate both primary students 5 days per week and high school students 3 days per week, respectively, throughout the term.</p> <p>The Ministry of Education, on behalf of the Government, acts as the oversight body for the Extended After School Programme. A strategic priority within the Ministry of Education is to provide and lead on policies to promote student well-being within government schools and the wider community by creating safe learning environments. It is intended that the EASP contributes to achieving these wider outcomes by engaging students in meaningful activities after school that will help to:</p> <ul style="list-style-type: none"> • Ensure 'at-risk' or otherwise vulnerable students are not leaving school at 3 pm and going home to an empty home or another environment that presents with increased levels of risk • Promote lifelong learning that ensures greater economic mobility • Promote social and emotional development and well-being • Promote an active, healthy, physical and mental well-being youth population • Promote prosocial behaviour such as helping, sharing, comforting, and cooperating • Encourage and support homework completion • Provide healthy snack options and promote healthy eating habits and understanding

FSC 38	Support for Small Businesses		
<p>DESCRIPTION</p> <p>Fostering an enabling ecosystem for entrepreneurs and small businesses through tailored advisory services, training, and targeted development programmes. Activities include delivering hands-on capacity-building initiatives, growth programmes, pitch opportunities, expos, and entrepreneurship camps, and providing policy support to strengthen micro and small business competitiveness. By improving access to business knowledge, markets, and financing opportunities, CBD empowers Caymanian entrepreneurs—especially youth, women, and underrepresented groups—to start, grow, and sustain viable enterprises. These efforts contribute to a more resilient, innovative, and inclusive economy where small businesses play a central role in job creation and long-term prosperity.</p>

FSC 39	Combatting Illicit Finance		
<p>DESCRIPTION</p> <p>Develop and advise on legislation, regulatory frameworks, and policy measures to safeguard the Cayman Islands’ financial services sector from illicit finance risks. Activities include leading initiatives on transparency, monitoring compliance, and coordinating preparedness for CFATF/FATF mutual evaluations. Also includes building capacity through technical training and stakeholder engagement, promoting standards that strengthen Cayman’s alignment with global best practices. These efforts underpin the jurisdiction’s reputation as a well-regulated, competitive international financial centre and support the resilience and integrity of its financial services sector and economic markets.</p>			
<p>MEASURES</p>	<p>2026 1 Jan to 31 Dec 2024</p>	<p>2027 1 Jan to 31 Dec 2027</p>	<p>2025 12-Month Forecast</p>

FSC 40	Registers of Intellectual Property		
DESCRIPTION			
<p>Supporting the growth and competitiveness of micro and small businesses through the protection and promotion of intellectual property rights. Activities include registering and maintaining trademarks, patents, and designs; licensing registered IP agents and managing copyright orphan work applications; and reviewing international treaties to strengthen the jurisdiction's IP framework. IPO also develops strategic plans for intellectual property and provides access to IP services that help entrepreneurs protect their innovations, build brand value, and compete effectively in local and global markets.</p> <p>Strengthening transparency, accountability, and public awareness through intellectual property education and outreach. Its activities include delivering outreach and education programmes that build public understanding of IP rights and their role in supporting innovation and business integrity. By promoting respect for intellectual property and safeguarding creators' rights, IPO helps reinforce consumer confidence, enhance trust in regulatory systems, and foster a culture of compliance that supports the Cayman Islands' reputation as a fair and well-governed jurisdiction.</p>

CAY 2	Children and Youth Services Foundation		
<p>DESCRIPTION</p> <p>Children and Youth Services (CAYS) Foundation manages and operates the Frances Bodden Children's Home (FBCH), Bonaventure Children's Home (BCH) and Phoenix House (PH).</p> <p>CAYS offer a 24-hour, year-round service to look after young people experiencing challenges in their lives. Referrals come via the Department of Children and Family Services (DCFS) who work with families in the community. CAYS will agree to accept young people into their care in one of three ways. In exceptional and limited circumstances, a voluntary placement can be agreed on a short-term basis (usually not longer than 3 to 4 weeks) between the respective family, DCFS and CAYS Foundation with the emphasis being on agreement from all parties. DCFS can seek to mandate that a young person is received into care by achieving a Care and Protection order through the family court system and going on to refer the child with CAYS. Young adults who are dealt with through the Youth Justice Court can be remanded into the care of CAYS Foundation on a Youth Rehabilitation Order.</p> <p>In line with international best practice, CAYS will adopt a trauma informed approach to looking after its young people regardless of whatever legislative avenue has brought them in to care. The foundation of this approach being the provision of a safe environment, predictable structure, rules, routines, and nurturing relationships with professional care staff. The aim of CAYS Foundation is to equip its young people with effective coping strategies to manage any challenges, support to build and maintain family relationships where possible, and to support the reintegration of the young person back into the community whether to live with their family or independently as a young adult. While the Foundation is not an educational CAYS Foundation will young people's engagement in mainstream Education and any alternative educational provisions the Ministry or Department of Education offers, through providing transportation and working in partnership with the various educational institutes in Cayman.</p> <p>CAYS foundation will be flexible and dynamic in the use of its facilities to meet the needs of the young people referred. They will cater for both boys and girls between the ages of 12 and 18 years old and make use of the facilities to provide the best living environments based on the needs of the young people referred. CAYS Foundation will also provide secure care for young people who require it based on assessment from the courts and/ or the Department of Children Services that they meet the criteria of being at significant risk of harm or a significant risk to others.</p>

NGS 92	Alzheimer’s and Dementia Association of the Cayman Islands
DESCRIPTION	
<ul style="list-style-type: none"> • To raise awareness within the general public about the various dementias with a focus on Alzheimer’s, while diminishing the stigma that currently exists; • To educate caregivers on how to interact and properly care for people with dementia; and • To be a source of support for people with dementia and their caregivers and family members. <p>Services to be provided are:</p> <ol style="list-style-type: none"> a. Memory Cafes: These themed events bring joy, connection, and support to people with dementia and their caregivers - complete with activities, refreshments, and transportation. b. World Alzheimer’s Month (September): During the month, activities range from 5K Run/Walks, Go Purple for a Cause, information desks, and island-wide forums to raise awareness, fight stigma, and support dementia care. c. Financial Aid (to assist persons with medication, care supplies, food etc.): ADACI aids families who are struggling with dementia care costs via gift cards or pharmacy payments or pending NAU approval - amounts determined by a board subcommittee. d. Funded Respite Care: ADACI’s Respite Care Program provides up to \$1,200 annually for licensed temporary care services, with families arranging care, and payments are made directly to providers. e. Home Safe Aids (trackers and monitors for persons with dementia or for the house): ADACI in partnership with the Security Centre is launching GPS trackers and home monitors for people with dementia, enabling quick location of loved ones. These are on order for testing. f. Community Meeting/Forums: ADACI events unite people with dementia, caregivers, and professionals to share experiences, best practices, and advance advocacy. g. Caregivers Training: ‘Tools for Caregiving,’ developed through the University of Iowa, equips caregivers to support themselves and persons with dementia. ADACI is seeking accreditation from the Ministry of Education. h. Dementia Friends Information Sessions: This 45-minute interactive session, a Dementia Champion helps participants of all ages learn about dementia and how it affects persons, and how they can help people living with dementia in the community. i. Support Groups: These support groups are held monthly for caregivers caring for persons with dementia and older persons with any form of forgetfulness. j. Home Assessments: ADACI’s home assessments help families create safer, dementia-friendly spaces by reducing risks such as unsecured doors, clutter, and confusing items. Suggestions include adding door chimes, deadbolts, grab rails, signage, and colour cues, removing hazards like artificial fruit or sharp objects, and using blackout curtains to reduce sundowning. k. One-on-One Private Family Consultations: ADACI provides culturally competent consultations to help families navigate care, legal and financial resources, and medical decisions after a recent or suspected dementia diagnosis, often followed by high-demand home assessments and family support. l. Event space: ADACI currently relies on borrowed venues, limiting consistency, accessibility, and safety for people with dementia and their caregivers. To enhance our programmes, we seek a permanent, dedicated space for events and services that are dementia friendly.

OCP 2	Crime Investigation and Criminal Justice Services		
<p>DESCRIPTION</p> <p>The RCIPS aims to enhance the safety and security of the Cayman Islands by reducing both the occurrence and fear of crime. This portfolio handles the core investigative and justice functions, ensuring offenders are identified, prosecuted, and managed throughout the entire criminal justice process, while also protecting victims and preventing repeat offenses. These services are vital to maintaining public trust in policing, the integrity of the justice system, and the reputation of the Cayman Islands as a safe place to live, work, and invest.</p> <ul style="list-style-type: none"> Professional Investigations and Crime Reduction: Provide high-quality investigations supported by advanced forensic, digital, and analytical tools, ensuring offenders are effectively prosecuted while reducing crime and anti-social behaviour. Criminal Justice Integration: Collaborate with the Office of the Director of Public Prosecutions, the Judiciary, the Department of Community Rehabilitation, and other agencies to manage offenders comprehensively, from arrest to rehabilitation, aiming to decrease recidivism. Intelligence-Led Policing: Enhance understanding of emerging threats through intelligence exploitation and multi-agency collaboration, enabling proactive interventions against organised crime, firearms, drugs, cybercrime, and other high-harm offences. Financial Crime and Counter-Terrorism: Strengthen international engagement to combat money laundering and the misuse of Cayman’s financial services for illicit purposes. Proactively identify and disrupt terrorist financing, ensuring compliance with global standards and protecting Cayman’s reputation as a well-regulated jurisdiction. Victim Protection and Support: Safeguard victims and vulnerable persons through timely referrals, victim-focused approaches, and collaboration with the Multi-Agency Safeguarding Hub (MASH) and other partners.

SECTION B

FORECAST FINANCIAL STATEMENTS

FOR THE 2026 FINANCIAL YEAR ENDING 31 DECEMBER 2026
AND THE 2027 FINANCIAL YEAR ENDING 31 DECEMBER 2027

ALL FIGURES ARE STATED IN \$000s

This page is intentionally left blank

STATEMENT OF RESPONSIBILITY FOR THE FORECAST FINANCIAL STATEMENTS
FORECAST FINANCIAL STATEMENTS
FOR THE 2026 FINANCIAL YEAR ENDING 31 DECEMBER 2026
AND THE 2027 FINANCIAL YEAR ENDING 31 DECEMBER 2027

The Forecast Financial Statements have been prepared in accordance with the provisions of the Public Management and Finance Act (2020 Revision). The forecast financial statements report the expected financial transactions for the Core Government and the Entire Public Sector for the forthcoming 2026 financial year ending 31 December 2026 and the 2027 financial year ending 31 December 2027.

The forecast financial statements were prepared by the Ministry of Finance and Economic Development on behalf of the Government. The Ministry has used its best professional judgement in preparing the forecast statements based on the economic and financial information available.

The forecast financial statements incorporate the fiscal and economic implications of all Government decisions and circumstances as at 31 October 2025.

We accept responsibility for the accuracy and integrity of the financial information in these forecast financial statements and the statements compliance with the Public Management and Finance Act (2020 Revision).

To the best of my knowledge the Forecast Financial Statements are:

- a) Complete and reliable;
- b) Fairly reflect the forecast financial positions at 31 December 2026 and 31 December 2027 and the performance for the financial years ending 31 December 2026 and 31 December 2027;
- c) Include all policy decisions and other circumstances that have, or may have, a material effect on the forecast statements; and
- d) Comply with generally accepted accounting practices as defined by International Public Sector Accounting Standards (IPSAS), except for full compliance with IPSAS 35 and IPSAS 39.

Honourable Rolston Anglin, MP
Minister for Finance and
Economic Development

31 October 2025

Mr. Kenneth Jefferson, JP
Financial Secretary and Chief Officer for the
Ministry of Finance and Economic Development

31 October 2025

11,880	10,701	Total employee entitlements	15,916	16,812

NOTE 15: UNFUNDED PENSION LIABILITY

IPSAS 39 – Employee Benefits requires that the pension liabilities be revalued annually in order to present the fair value of the fund balances. The Government and Public Authorities have employed an actuary to conduct this annual fair value assessment. The amount recognised by the Central Government is estimated based on the 31 December 2022 valuation as shown in the table below.

SUMMARY PENSIONS PLANS ACTUARIAL VALUATION

12-Month Actual 2024	12-Month Forecast 2025	Description	12-Month Budget 2026	12-Month Budget 2027
\$000	\$000		\$000	\$000
142,030	142,030	Total Public Service Pensions	142,030	142,030
14,258	14,258	Parliamentarian Pensions	14,258	14,258
(146)	(146)	Judicial Public Service Pensions	(146)	(146)
156,142	156,142	Entire Core Government Pensions Liability	156,142	156,142

The principal assumptions used in the computation of the actuarial estimate of the pension liability for the pension plans are as follows:

- (a) Annual salary increases of 2.5%;
- (b) Long term inflation rate of 2.0% per annum;
- (c) Valuation interest rate to discount future benefit payments of 4.5%;
- (d) Anticipated future pensions payments increases of 2.0% per annum;
- (e) Estimated retirement age of 55 years and 10 years of service for the Parliamentarian Pensions Plan, 57 years and 10 years of service for the Public Service Pensions Plan, and age 65 years for Judiciary Pensions Plan;
- (f) Liability Cost Method – Projected unit credit method; and
- (g) Asset Value Method – Market value of assets.

13,258	16,436	Total employee entitlements	15,191	17,096

NOTE 14: UNFUNDED PENSION LIABILITY

IPSAS 39 – Employee Benefits requires that the pension liabilities be revalued annually in order to present the fair value of the fund balances. The Government and Public Authorities have employed an actuary to conduct this annual fair value assessment. The amount recognised by the Central Government is estimated based on the 31 December 2020 valuation as shown in the table below.

Summary Pensions Plans Actuarial Valuation

12-Month Actual 2024	12-Month Forecast 2025	Description	12-Month Budget 2026	12-Month Budget 2027
\$000	\$000		\$000	\$000
142,530	142,530	Total Public Service Pensions	142,530	142,530
13,657	13,657	Parliamentarian Pensions	13,657	13,657
(2,667)	(2,667)	Judicial Public Service Pensions	(2,667)	(2,667)
153,520	153,520	Entire Public Sector Pensions Liability	153,520	153,520

The principal assumptions used in the computation of the actuarial estimate of the pension liability for the pension plans are as follows:

- (a) Annual salary increases of 2.5%;
- (b) Long term inflation rate of 2.0% per annum;
- (c) Valuation interest rate to discount future benefit payments of 4.5%;
- (d) Anticipated future pensions payments increases of 2.0% per annum;
- (e) Estimated retirement age of 55 years and 10 years of service for the Parliamentarian Pensions Plan, 57 years and 10 years of service for the Public Service Pensions Plan, and age 65 years for Judiciary Pensions Plan;
- (f) Liability Cost Method – Projected unit credit method; and

12-Month Actual 2024	12-Month Forecast 2025	Description	12-Month Budget 2026	12-Month Budget 2027
\$000	\$000		\$000	\$000
