**ASKED BY**

**MR. ROY TATUM**  
**ELECTED MEMBER FOR THE**  
**CONSTITUENCY OF RED BAY**

**TO**

**THE HON. KATHERINE EBANKS-WILKS**  
**MINISTER FOR HEALTH, ENVIRONMENT & SUSTAINABILITY**

**QUESTION:**

Can the Honourable Minister advise what policy decision has been taken following the completion and evaluation of the Department of Environmental Health (DEH) Wheeled Bin Pilot Project in Prospect, which commenced in September 2023, and if no decision has yet been made, what factors are preventing the Government from determining whether the programme will be continued or expanded, and by what date a final decision will be made?

**ANSWER:**

The DEH is preparing a business case for a phased rollout of the wheeled bins for residential garbage collections across the Cayman Islands. The business case will be completed by the end of March 2026 and the results of the business case will determine whether the wider introduction is to be implemented.
